*The ABC English-Chinese, Chinese-English Dictionary (ECCE) is a student-oriented bilingual dictionary that, like other dictionaries in the ABC series, organizes Chinese words by their pronunciation as written in pinyin. This innovative, straightforward alphabetical organization allows the user to find most words more quickly and easily. It also facilitates the comparison of words that are pronounced similarly or identically, which is not possible in traditionally-ordered dictionaries. The series' alphabetical ordering has been imitated in other dictionaries, but ECCE is still unique in that it offers detailed and authoritative coverage of grammar (parts of speech, constructions, and examples) and orthography (both simplified and complex characters as well as pinyin). ECCE contains 67,633 entries: 29,670 in the English-Chinese section, 37,963 in the Chinese-English section. The latter is an abridgment of the massive ABC Chinese-English Comprehensive Dictionary, with improvements such as more example sentences, the inclusion of both pinyin and characters for all sentences, and indications of vocabulary grade levels to help learners prioritize their studies by indicating the most basic and important entries. The addition of an entirely new English-Chinese section makes ECCE the ideal portable reference. As in the Comprehensive dictionary, two indexes (Stroke and Radical) assist in looking up a character when its shape is known but not its pronunciation. The rich and encyclopaedic scope of information provided makes the ABC English-Chinese, Chinese-English Dictionary an especially useful resource for both language learners and professionals alike. The dictionary is a handy 4.5 x 7.5 inches with a plastic flexcover. Authoritative and up-to-date, this fourth edition of the Pocket Oxford Chinese Dictionary covers over 90,000 words and phrases, and over 130,000 translations of contemporary Chinese and English, with brand-new words in each language. More than just a dictionary, this handy reference book also includes a brand new section on*

A pocket-sized student edition of *A Chinese-Russian-English Dictionary*. It gives the precise English versions of the Russian, which does the same for the Chinese. From one of our most important contemporary Chinese authors: a novel of language and love that tells one young Chinese woman's story of her journey to the West—and her attempts to understand the language, and the man, she adores. Zhuang—or “Z,” to tongue-tied foreigners—has come to London to study English, but finds herself adrift, trapped in a cycle of cultural gaffes and grammatical mishaps. Then she meets an Englishman who changes everything, leading her into a world of self-discovery. She soon realizes that, in the West, “love” does not always mean the same as in China, and that you can learn all the words in the English language and still not understand your lover. And as the novel progresses with steadily improving grammar and vocabulary, Z's evolving voice makes her quest for comprehension all the more poignant. With sparkling wit, Xiaolu Guo has created an utterly original novel about identity and the cultural divide. Learning Mandarin Chinese has never been this easy.
