Suzy Giordano, affectionately known as "The Baby Coach," shares her highly effective sleep-training method in this step-

by-step guide to let both baby and parent enjoy long, peaceful nights. Full of common sense and specific tips, the Baby Coach's plan offers time- and family-tested techniques to help any baby up to the age of 18 months who has trouble sleeping through the night. Originally developed for newborn multiples, this sleep-training method worked so well with twins and triplets that families with singletons and older babies began asking Suzy to share her recipe for success, resulting in: regular feeding times; 12 hours' sleep at night; three hours' sleep during the day; peace of mind for parent and baby; and less strain on parents - and their marriage. This edition includes a new chapter on implementing the program with babies up to 18 months. This Baby Tracker Journal is Designed for track and record your baby activity in each day for 100 days.
