Children's and Young People's Nursing in Practice Mar 20 2020 This innovative textbook uses a problem-based learning (PBL) approach to cover content that is most common to child branch nursing courses. The evidence-based PBL 'triggers' are grounded in the reality of everyday contemporary nursing practice, and readers are engaged in an active learning process in order to

develop key skills for clinical practice and life long learning. The book features individual chapters focusing on the different care environments that student nurses experience when caring for children, young people and families within health and social care. It is not necessary for readers to be undertaking a PBL structured course in order to use, and benefit from, this text.

Speechwriting in Theory and Practice Oct 19 2022 This book provides students, researchers, and practitioners of speechwriting with a unique insight in the theory, history, and practice of speechwriting. The combination of theory and practice with case studies from the United States and Europe makes this volume the first of its kind. The book offers an overview of the existing research and theory, analysing how speeches are written in political and public life, and paying attention to three central subjects of contemporary speechwriting: convincing characterization of the speaker, writing for the ear, and appealing with words to the eye. Chapters address the ethics and the functions of speechwriting in contemporary society and also deliver general instructions for the speechwriting process. This book is recommended reading for professional speechwriters wishing to expand their knowledge of the rhetorical and theoretical underpinnings of speechwriting, and enables students and aspiring speechwriters to gain an understanding of speechwriting as a profession.

Therapeutic Songwriting Aug 17 2022 Therapeutic Songwriting provides a comprehensive examination of contemporary methods and models of songwriting as used for therapeutic purposes. It describes the environmental, sociocultural, individual, and group factors shaping practice, and how songwriting is understood and practiced within different psychological and wellbeing

orientations.

Diplomacy Jun 22 2020 This is a completely revised and updated edition of the standard textbook on diplomatic theory and practice. It includes comprehensive coverage of the main issues, from telecommunications to summitry. With new sections on the importance of following up agreements and the adaptability of the resident embassy, this third edition of **Diplomacy** offers the most up-to-date information about the real-world practice of international relations. It will be essential reading for students and professionals alike.

Human Resource Development in Vietnam

Oct 15 2019 Despite recent high GDP growth rates, Vietnam remains a developing country in need of developing human resources (HR) of both genders. This can be done through education, workplace training, corporate social responsibility, policies for gender equality, support for entrepreneurship, and other practices and policies. Yet, national human resource development (NHRD) is a relatively new concept in Vietnam. This edited volume highlights the importance of HR, HRD, and NHRD, enabling Vietnam to experience sustainable growth and become a modern industrial country. It examines the positive changes effected by HRD considering Vietnam's unique historical, political, economic, and cultural contexts. This book offers scholars and practitioners an indigenous HRD approach and discusses implications for future research and practices.

The Theory and Practice of Change

Management Jun 03 2021 A core textbook for all modules in Change Management, John Hayes examines and applies all of the key theories on change to organisational settings. Diagnostic tools and immersive learning exercises enable students to identify change and experience various outcomes based on real-world scenarios. The unique experiential learning exercises allow students to reflect on their own experiences of change. Hayes strikes a balance between theory and practice by examining the key theories on change and applying those theories to organisational settings to demonstrate how organisations can develop practical tools to help implement change. Key Features • Blend of theory and practice • Breadth of coverage •

Experiential learning exercises - allow students to play the role of a consultant and diagnose a need for change • Case studies • Diagnostic tools to help students grasp the practical techniques • Accessible - especially for those with no prior knowledge of change management theory • A comprehensive companion website NEW for the 3rd Edition • 2 colour design • 5 new chapters covering the latest developments • New thinking assignments • 12 new cases from a range of countries including Denmark, The Netherlands, India, China, USA, Germany and from a range of sectors (NGOs, not-for-profit, large and small companies, multi-national organisations, public and private sector) • New chapter on sustainability addresses how to make change 'stick' and how to 'spread' good practice through the organisation • Increased depth • Improved signposting and cross-referencing helps link the material together making it easier for students to see how everything fits together

It moves from a discussion of social work's purpose and ambitions to an exposition of theory and, from there, to the practice arenas of working with individuals, in groups, within organisations, and within a wider social and political context.

Service Management Jul 16 2022 This textbook offers a fully integrated approach to the theory and practice of service management, exploring the operational dynamics, management issues and business models deployed by service firms. It builds on recent developments in service science as an interdisciplinary research area with emphasis on integration, adaptability, optimization, sustainability and rapid technological adoption. The book explores seven fundamental processes that are key to successfully managing service businesses, helping students gain insights into: how to manage service businesses, with

coverage of both small firms and large transnationals service business models, operations and productivity managing service employees how service firms engage in product and process innovation marketing, customers and service experiences internationalization of service businesses the ongoing servitization of manufacturing This unique textbook is an ideal resource for upper undergraduate and postgraduate students studying service businesses and practitioners.

Servant Leadership in Sport Nov 08 2021 This book applies the principles of well-being theory and positive psychology to sport to establish a basis of servant leadership in sport organizations. Though the win-at-all-cost mentality is pervasive in sport, leading to acceptance of leadership styles more associated with controlling and extrinsic motivators, the author proposes need satisfaction based on three psychological needs: autonomy, competence, and belongingness, which leads to enhanced job performance, job satisfaction, and well-being. Through need satisfaction, servant leaders positively influence organizational outcomes by enabling followers' growth and well-being. This book will make a new contribution to sport management research in applying the principles of positive psychology to servant leadership and to sport.

Critical Reflection In Practice Nov 15 2019 The terms 'critical reflection' and 'reflective practice' are at the heart of modern healthcare. But what do they really mean? Building on its ground-breaking predecessor, entitled *Critical Reflection for Nursing and the Helping Professions*, this heavily revised second edition analyses and explores reflection. It presents a structured method that will enable you to both challenge and develop your own practice. This book is the essential guide to critical reflection for all students, academics and practitioners. New to this Edition: - Expanded to meet the needs of all healthcare practitioners - Redefines self-evaluation as a catalyst for personal and professional development - Fully updated edition of a respected book: now includes a chapter on the rise of professional knowledge

Global Diplomacy Apr 01 2021 This volume brings together different approaches to diplomacy both as an institution and a practice.

The authors examine diplomacy from their own backgrounds and through sociological traditions, which shape the study of international relations (IR) in Francophone countries. The volume's global character articulates the Francophone intellectual concerns with a variety of scholarships on diplomacy, providing a first contact with this subfield of IR for students and practitioners.

Educational Commons in Theory and Practice Jan 30 2021 In this volume, critical scholars and educational activists explore the intricate dynamics between the enclosure of global commons and radical visions of a common social future that breaks through the logics of privatization, ecological degradation, and dehumanizing social hierarchies in education. In its institutional and informal configurations alike, education has been identified as perhaps the key stake in this struggle. Insisting on the urgency of an education that breaks free of the bonds of enclosure, the essays included in this volume weave together bright threads of radical thought into a vivid tapestry illustrating a critical framework for enacting a global educational commons.

Critical Practice in Social Work Jul 04 2021 Bringing together theory and practice discussion in rich combination, this significantly updated text provides a comprehensive and integrated approach to contemporary social work. Incorporating key theories and vivid case material, this text's powerful practice focus makes it indispensable for students and practitioners alike.

Human Resource Management Jan 18 2020 This established text provides comprehensive coverage of HRM theory supported by high quality cases. This edition has been thoroughly updated to make it accessible and engaging for undergraduate and postgraduate students. New features include interviews with real-life HR gurus, a focus on the global implications of HR and ESL student support. ~

Creativity, Wellbeing and Mental Health Practice Dec 29 2020 This book argues that some aspects of mental health practice have become mechanical, joyless and uninspiring, leading to a loss of creativity and wellbeing. A high level of wellbeing is essential to mental health and contemporary mental health care -

and creativity is at the heart of this. A greater awareness of everyday creativity, the arts and creative approaches to mental health practice, learning and leadership can help us reinvent and reinvigorate mental health care. This, combined with a clearer understanding of the complex concept of wellbeing, can enable practitioners to adopt fresh perspectives and roles that can enrich their work. Creativity and wellbeing are fundamental to reducing occupational stress and promoting professional satisfaction. Introducing a new model of creative mental health care combined with recommendations for wellbeing, *Creativity, Wellbeing and Mental Health Practice* is a practical, evidence-based book for students, practitioners and researchers in mental health nursing and related disciplines.

Policing in Hong Kong Jul 24 2020 This comprehensive book examines the state of research on policing in Hong Kong. It surveys the history and development of the field of police studies in Hong Kong, and examines the various methods, problems and prospects in the field.

Professionalism in Practice Jan 10 2022 This book acts as a highly practical guide for new and experienced lecturers, learning supporters and leaders in Higher Education; and offers plentiful examples and vignettes showing how learning can be brought to life through activity and engagement. It offers numerous pragmatic illustrations of how to design and deliver an engaging curriculum, and assess students' learning authentically. Sound scholarship and research-informed approaches to Higher Education teaching and learning underpins the myriad accessible and readily recognizable examples of how real educators solve the challenges of contemporary Higher Education. Additionally, guidance is offered on how to present evidence for those seeking accreditation of their teaching and leadership in Higher Education, as well as useful advice for experienced HE teachers seeking to advance their careers into more senior roles, on the basis of their strong teaching and pedagogic leadership. The book will be of great interest to students and researchers working in Education, and will be invaluable reading for both new and experienced lecturers working in HE institutions.

The Palgrave Handbook of Gender and

Development Aug 05 2021 With original and engaging contributions, this Handbook confirms feminist scholarship in development studies as a vibrant research field. It reveals the diverse ways that feminist theory and practice inform and shape gender analysis and development policies, bridging generations of feminists from different institutions, disciplines and regions.

Nature Engaged Feb 11 2022 This volume gathers essays that focus on the worldliness of science, its inseparable engagement in the major institutional bases of social life: law, market, church, school, and nation. With a chronological span reaching from the Renaissance to Big Science, its topics range from sundials to genetic sequences, from calculating instruments to devices that simulate human behavior, from early cartography to techniques for tracing radioactive fallout on a global scale. The book aims to show readers, with episodes drawn from the span of their modern history, the sciences in action throughout human society.

Modern Diplomacy in Practice Nov 20 2022 This textbook, the first comprehensive comparative study ever undertaken, surveys and compares the world's ten largest diplomatic services: those of Brazil, China, France, Germany, India, Japan, Russia, Turkey, the United Kingdom, and the United States. Chapters cover the distinctive histories and cultures of the services, their changing role in foreign policy making, and their preparations for the new challenges of the twenty-first century.

Diplomacy Jan 22 2023 Fully revised and updated, this comprehensive guide to diplomacy explores the art of negotiating international agreements and the channels through which such activities occur when states are in diplomatic relations, and when they are not. This new edition includes chapters on secret intelligence and economic and commercial diplomacy.

The Palgrave Handbook of Global Health Data Methods for Policy and Practice Feb 28 2021 This handbook compiles methods for gathering, organizing and disseminating data to inform policy and manage health systems worldwide. Contributing authors describe national and international structures for generating data and explain the relevance of ethics, policy, epidemiology, health economics,

demography, statistics, geography and qualitative methods to describing population health. The reader, whether a student of global health, public health practitioner, programme manager, data analyst or policymaker, will appreciate the methods, context and importance of collecting and using global health data.

Practice as Research in the Arts Feb 17 2020 At the performance turn, this book takes a fresh 'how to' approach to Practice as Research, arguing that old prejudices should be abandoned and a PaR methodology fully accepted in the academy. Nelson and his contributors address the questions students, professional practitioner-researchers, regulators and examiners have posed in this domain.

The Theory and Practice of Change Management Apr 20 2020 John Hayes' bestselling textbook combines a scholarly discussion of change management with a host of practical tools and techniques. It provides future managers with all the skills they need to diagnose the need for change and to ensure its successful implementation. The book's unique underpinning framework views change as a purposeful and constructed sequence of events, rather than something chaotic and unmanageable. Its hands-on approach includes a number of 'Change Tools' that students can apply to various scenarios, an array of case studies and examples based on real-life organisations worldwide and video interviews with experienced change practitioners, who share their insights on key topics. The book will be essential reading for final-year business undergraduates, as well as MBA and postgraduate students who are taking modules in change management or organisational change. It is also ideal for change practitioners and consultants.

International Practice Theory Oct 07 2021 International Practice Theory is the definitive introduction to the practice turn in world politics, providing an accessible, up-to-date guide to the approaches, concepts, methodologies and methods of the subject. Situating the study of practices in contemporary theory and reviewing approaches ranging from Bourdieu's praxeology and communities of practice to actor-network theory and pragmatic sociology, it documents how they can be used to

study international practices empirically. The book features a discussion of how scholars can navigate ontological challenges such as order and change, micro and macro, bodies and objects, and power and critique. Interpreting practice theory as a methodological orientation, it also provides an essential guide for the design, execution and drafting of a praxiographic study.

Oral History Off the Record Oct 27 2020 Because oral history interviews are personal interactions between human beings, they rarely conform to a methodological ideal. These reflections from oral historians provide honest and rigorous analyses of actual oral history practice that address the complexities of a human-centered methodology.

Cross-Cultural Communication Mar 12 2022 A comprehensive survey of the key areas of research in cross-cultural communication, based on the authors' experience in organizing and delivering courses for undergraduate and postgraduate students and in business training in the UK and overseas.

The Synergy of Business Theory and Practice Nov 27 2020 The lack of congruence between theory and practice in business remains a widely discussed topic. This lack of synergy is quietly and elusively becoming the Achilles' heel of contemporary scholarly business research and, by extension, of business in general. Focusing on the deviation of means and ends between business theory and practice, this book comprises thirteen chapters, which present an array of theoretical and geographical contexts, and aim to bring scholarly thinking and scientific analysis together with managerial rationale and practical applications. Presenting valuable insights and demonstrating an equalised perception of the theorisation of practice, and reversely, the practicality of theory, this innovative book signifies a new philosophy of scientific work and provides thought-provoking reading for scholars in a range of business sub-disciplines.

The Social Practice of Human Rights Dec 17 2019 The Social Practice of Human Rights bridges the conventional scholar-practitioner divide by focusing on the space in between. The volume brings together cutting-edge chapters that together set a new agenda for research, grounded in the practice of critical self-

reflection on the strategies that drive communities dedicated to the advocacy and implementation of human rights. The social practice of human rights takes place not in front of a judge, but in the streets and alleys, in the backrooms and out-of-the-way places where change occurs. Contributors to this volume investigate the contexts and efforts of activists and professionals devoted to promoting human rights norms. This research takes as its subject the organizations and movements that shoulder the burden of improving respect for human dignity. It argues that through a constructive critique of these patterns and practices, scholarship can have a positive impact on the political world.

Canadian Defence Policy in Theory and Practice

Aug 25 2020 This edited volume provides a comprehensive overview of contemporary debates and issues in Canadian defence policy studies. The contributors examine topics including the development of Canadian defence policy and strategic culture, North American defence cooperation, gender and diversity in the Canadian military, and defence procurement and the defence industrial base. Emphasizing the process of defence policy-making, rather than just the outcomes of that process, the book focuses on how political and organizational interests impact planning, as well as the standard operating procedures that shape Canadian defence policy and practices.

Critical Schooling Jun 15 2022 This edited volume brings to the foreground the inequities of contemporary schooling in Canada. The editors and authors perform a critical examination of the Canadian schooling space, highlighting the agency and action of marginalized communities and their efforts to address injustice within contexts of schooling. Grounded in the unique perspective of each author, this book provides a venue for transformative practice to create inclusive and socially just contexts for diverse populations, specifically as experienced by peoples who inhabit the intersections of various modes of oppression.

Advances in Crowdfunding May 22 2020 This open access book presents a comprehensive and up-to-date collection of knowledge on the state of crowdfunding research and practice. It considers crowdfunding models and their

different manifestations across a variety of geographies and sectors, and explores the perspectives of fundraisers, backers, platforms, and regulators. Gathering insights from a wide range of influential researchers in the field, the book balances concepts, theory, and case studies. Going beyond previous research on crowdfunding, the contributors also investigate issues of community, sustainability, education, and ethics. A vital resource for anyone researching crowdfunding, this book offers readers a deep understanding of the characteristics, business models, user-relations, and behavioural patterns of crowdfunding.

Strategic Social Media Management Sep 18 2022 This textbook provides a lively introduction to the fast-paced and multi-faceted discipline of social media management with international examples and perspectives. Aside from focusing on practical application of marketing strategy, the textbook also takes students through the process of strategy development, ethical and accurate content curation, and strategy implementation, through detailed explanations of content creation. Combining theory and practice, *Strategic Social Media Management* teaches students how to take a strategic approach to social media from an organisational and business perspective, and how to measure results. Richly supported by robust and engaging pedagogy and cases in each chapter, it integrates perspectives from public relations, marketing and advertising, and examines key topics such as risk, ethics, privacy, consent, copyright issues, and crises management. It also provides dedicated coverage of content strategy and campaign planning and execution. Reflecting the demands of contemporary practice, advice on self-care for social media management is also offered, helping to protect people in this emerging profession from the negativity that they can experience online when managing an organisation's social media presence. After reading this textbook, students will be able to develop a social media strategy, curate accurate and relevant content, and create engaging social media content that tells compelling stories, connects with target audiences and supports strategic goals and objectives. This is an ideal textbook for students studying social media strategy, marketing and

management at undergraduate level. It will also be essential reading for marketing, public relations, advertising and communications professionals looking to hone their social media skills and strategies.

The Palgrave Handbook of Global Health Data Methods for Policy and Practice Feb 23 2023 This handbook compiles methods for gathering, organizing and disseminating data to inform policy and manage health systems worldwide. Contributing authors describe national and international structures for generating data and explain the relevance of ethics, policy, epidemiology, health economics, demography, statistics, geography and qualitative methods to describing population health. The reader, whether a student of global health, public health practitioner, programme manager, data analyst or policymaker, will appreciate the methods, context and importance of collecting and using global health data.

Interrogating the Theory and Practice of Communication for Social Change Sep 06 2021 A new addition to the Palgrave Studies in Communication for Social Change series, this book sets the stage for subsequent books by identifying and analysing the current gaps in the field. It critically reviews the theory, practice and strategies of Communication for Social Change in relation to occurring structures, policies and discourses.

Governance Theory and Practice Dec 09 2021 Confusion about governance abounds. Many lack appreciation of how different traditions of thought in the social sciences contribute to our understanding. This book tackles these weaknesses head on and aims to provide a wider vision of the area, examining three critical areas of practice: environmental, corporate and participatory governance.

Social Theory, Power and Practice Dec 21 2022 Social Theory, Power and Practice explores key strands of contemporary social theory in developing an innovative framework for understanding the operation of power. This draws on structural theories of inequality and oppression and poststructural deconstructions of discourse, identity and emotion. These are used to examine the dynamics of social and personal change, and to inform the development of empowering practice within the human services

with those who may experience distress, abuse or exclusion.

Migration Policy and Practice Apr 13 2022 Building on contemporary efforts to theorize conflicts related to borders, migration, and belonging, this book transforms existing analyses in order to propose critical interventions. The chapters are written from multiple disciplinary perspectives and present rigorous empirical and theoretical analyses to advocate progressive transformation.

The Theory and Practice of Change Management May 14 2022 This is a core textbook for all courses in change management. It examines all of the key theories on organizational change and applies them to organizational settings to demonstrate how strategies can be devised and employed to help manage organizational change and the issues it precipitates. Taking quite a practical approach, students are helped to apply theory to real-world scenarios through the use of experiential learning and cases. Companion Website:
