The book provides a comprehensive coverage of the course-content requirements of the students appearing in the paper 'Management Accounting' at the MBA and MCom Examinations of different Indian Universities and those of professional institutions. The book has been divided into Five Convenient Sections. Each Section covers a different aspect of 'Management Accounting' with the subject divided into chapters covering different topics in a systematic and concise manner. The unique features of this book lie in its simple and systematic presentation of theory, which would enable the students to solve practical problems with ease. The other main strengths of this book are: plentiful illustrative examples and end-of-the-chapter exercises with answers. New in this Edition • Updated position regarding IFRSs and steps for their convergence in India • Two new

chapters, namely: 'Human Resource Accounting' and 'Innovative Concepts' in Section II of the book • Section V, relating to Case Problems, to make the study of the subject more interesting and a real value addition to the knowledge of the reader A Textbook of Cost and Management Accounting provides the students with thorough grounding in cost concepts, cost behaviour and methods, and techniques of cost and management accounting with an understanding of the uses and limitations of cost and financial data for managerial operations. The text of the subject matter has been presented in a student-friendly, simple and intelligible manner. Every discussion involving conceptual complexity is immediately illustrated by a numerical example. In addition, the book contains a liberal sprinkling of charts and diagrams so as to make the subject easily understandable and highlight its finer points. The subject matter has been organized on 'first things first' basis for its logical presentation that sustains interest. The approach of the book is examination oriented. Thus, a good number of problems and solutions have been included in its chapters. Theoretical and numerical questions have been mostly selected from various examinations. Objective type questions have been given to serve as self-test by students. This is an ideal book for self-study. An all-inclusive, ideal book for self-study, both for the students of Cost and Management Accounting as well as working professionals. Financial Accounting for BBA has been written to meet the requirements of undergraduate students, particularly at the BBA level. This book covers the syllabi of major universities across the country, providing basic knowledge of accounting principles and practices in a

systematic manner. The topics have been dealt with in a lucid manner to enable better understanding, especially for those students who do not have an accounting background. The text is examination-oriented and is supplemented with relevant solved illustrations for all the topics. Chapter 1 Process Costing Chapter 2 Uniform Costing and Inter-Firm Comparison Chapter 3 Reconciliation of Cost and Financial Accounts Chapter 4 Operating Costing - Transport Business Chapter 5 Budgetary Control Chapter 6 Marginal Costing and Cost Volume Profit Analysis Chapter 7 Cost Audit Chapter 8 Standard Costing and Variance Analysis. The Present Book Is An Attempt To Unfold The Complexities Of The Subject Matter In A Simple And Lucid Manner To Provide Conceptual Clarity. The Book Is Meant For B.Com. (H) Students Of Indian Universities And For The Students Appearing For Ca, Icwa, Ics Examinations. Each Topic Is Self-Contained And Provides Theoretical Exposition Followed By Illustrations Which Will Help The Students To Master The Numerical Application Of Corporate Accounting Procedures. The Book Seeks To Replace Memorisation With In-Depth Understanding And Application. The Distinguishing Feature Of The Book Is To Provide Multidimensional Illustrations For Each Topic To Enhance The Question Solving Power Of The Students With Ease And Confidence. Besides Students, This Unique Presentation On Corporate Accounting Is An Indispensable Reference Source For All Teachers, Accountants, Corporate Houses And General Readers. Over The Years Advanced Accountancy Has Emerged As The Definitive And Comprehensive Textbook On Accountancy As It Completely

Meets The Requirements Of Students Preparing For B.Com., M.Com., Mba, And Professional Examinations Conducted By Different Institutions, Such As The Institute Of Chartered Accountants Of India (Icai), The Indian Institute Of Bankers (Iib), The Institute Of Company Secretaries Of India (Icsi), And The Institute Of Cost & Works Accountants Of India (Icwai). A UGC recommended textbook for various commerce graduate programmes like B.Com, BBA, BBM and BBS. Also useful for CA, CS, ICMA, M.Com and MBA. The revised edition of Cost Accounting—Principles and Practice gives students a thorough grounding in cost concepts, cost behaviour, and costing methods. The subject matter has been presented in a student-friendly, systematic and intelligible manner. Every discussion involving conceptual difficulties is immediately followed by a numerical example. A large number of charts and diagrams bring to light finer points of the subject and make it easily comprehensible. The subject matter has been organized on 'first things first' basis to sustain the interest of the students. Additional problems and solutions have been included in the Appendix to help students. The 14th Revised Edition of the book "Corporate Accounting" includes the provision of the Companies Act, 2013, SEBI rules and regulations and Accounting Standards, wherever applicable. The whole book has been updated and corrections made wherever required. Theory and accounting treatment has been revised as per Accounting Standards – 4 (Revised) and Companies (Amendment) Act, 2019. Each aspect of a chapter has been discussed in detail in order to meet the requirements of the syllabus prescribed by different universities and professional

institutes. Salient Features of the Book The following features are worth nothing in the present text: • The illustrations and assignment material has been made to conform to the requirements of Schedule III of the Companies Act, 2013. The relevant problems/ solutions has also been revised. • The revised revision of Paragraph 14 of Accounting Standards — 4 concerning Financial Statements regarding Proposed final dividend has been incorporated at relevant pages and the illustrations amended accordingly. • The relevant provisions of Ind AS — 7: Statements of Cash Flows dealing with Bank Overdraft and Proposed Dividend have also been taken care of in this book. • In the chapter of Redemption of Debentures, the treatment of interest on Debenture Redemption Funds Investments or Profit (or Loss) on the sale of DRFI have been also summerised in the chapter. • All chapters have been revised and udapted. Problem of each chapter have been suitably graded and edited to include questions of topical interest. We are confident that the book in its revised form will be more useful for B.Com (Pass and Hons.), M.Com, M.B.A., C.A., I.P.C.E, C.A.(Final), I.C.M.A. (Stage II) and Company Secretaries (Executive Programme) Examinations. The book provides comprehensive coverage of the course-content requirements of the students appearing in the paper 'Management Accounting' at the B.Com, M.Com, BBA, and MBA Examinations of different Indian Universities. The book has been divided into THREE Convenient Sections. Each section covers a different aspect of 'Management Accounting' with the subject divided into chapters covering different topics systematically and concisely. The unique

features of this book lie in its simplicity of style and systematic presentation of theory and graded practical illustrations which have made it user-friendly mainly for the students. This book's other main strengths are exhaustive text plentiful illustrative examples and end-of-the-chapter exercises with answers. **NEW FEATURES IN THIS EDITION** Updated position regarding, IFRSs and steps for their convergence in India. Certain new concepts viz. Target Costing, Kaizen Costing, and Balanced Scorecard have been incorporated in Chapter 3 (Section A) and Appendix 1 of the book. Schedule III regarding the presentation of financial statements as per the Companies Act, 2013 has been incorporated as Appendix 5 to the book. On account of the growing importance of the subject of cost accounting, it has been included as a special subject in all commerce and management courses, conducted by different Indian universities and professional institutes. The present volume, Cost Accounting-Theory & Problems, has been written to meet in full measure the requirements of the students preparing for these courses. The entire book has been divided into Five sections. Section ONE explains the fundamental concepts which are necessary for the understanding of the subject. Section TWO deals with the principles of costing as applicable to certain specific industries. Section THREE explains the accounting methods. In this section besides others, intricate topics of the cost control accounts and integrated accounts have been discussed with complete clarity and simplicity of exposition. Section FOUR refers to costing as a special tool for managerial control. Adequate space has been given to this recent

function of cost accounting. And here topics of budgetary control, standard costing, marginal costing and break even analysis have been elaborately discussed. Section FIVE contains revisionary problems. This book has been written specifically for the students of BCom (Hons) of the University of Delhi in accordance with its prescribed syllabus and that of School of Open Learning. Its basic features are the same as the mother book Cost Accounting—Principles and Practice, which is a UGC recommended text for the last many years. Thus, it gives a thorough grounding in cost concepts, cost behaviour, and costing methods. The subject matter has been organized on ‘first things first’ basis to sustain the interest of the students. Every discussion involving conceptual difficulties is immediately followed by a numerical example. Over the years Advanced Accountancy has emerged as the definitive and comprehensive textbook on accountancy as it completely meets the requirements of students preparing for BCom, MCom, MBA, BBA and professional examinations conducted by different institutions, such as the Institute of Chartered Accountants of India, the Indian Institute of Bankers, the Institute of Company Secretaries of India, and the Institute of Cost Accountants of India. Financial Accounting for BBA has been written to meet the requirements of undergraduate students, particularly at the BBA level. This book covers the syllabi of major universities across the country, providing basic knowledge of accounting principles and practices in a systematic manner. The topics have been dealt with in a lucid manner to enable better understanding, especially for those students who do not have

an accounting background. The text is examination-oriented and is supplemented with relevant solved illustrations for all the topics.
