Core Curriculum for Neonatal Intensive Care Nursing

Jun 25 2020 Perfect as a resource in the field or for exam preparation, this authoritative reference from the Association of Women's Health, Obstetric, and Neonatal Nurses (AWHONN) includes in-depth coverage of the most common neonatal disorders and their management. The concise outline format highlights the essentials of each condition including definition, etiology, pathophysiology, signs and symptoms,

diagnostic tests, treatments, and outcomes to help you find important information quickly. Coverage of key content on the neonatal intensive care nursing certification exam prepares you for test success. Information on families, ethics, legal issues, research, case management, and the transition to home emphasizes the importance of total care of the neonatal patient and family. New and updated content on late preterm infants, neurologic disorders, and ventilatory strategies provide the latest information from the field for more effective patient outcomes.

Core Curriculum for Oncology Nursing Feb 26 2023 Published in collaboration with the ONS, this text is the definitive source for concepts and practices in oncology nursing and can be used for orientation of nurses to oncology, inservice and continuing education programs for practicing nurses, a basis for curriculum development in graduate programs, and as a review tool for certification. Based on the blueprint of the certification examination by the ONCC (Oncology Nursing Certification Corporation), the book is in outline format to help readers focus on the most important information. Instructor resources available; contact your sales representative for details. Covers the entire scope of the specialty ensuring comprehensive coverage Outline format helps the reader focus on the most important information Effective guide for teaching and learning for in-service, continuing education, and academic programs Powerful

study tool for the ONCC certification exam Tables and figures illustrate complex concepts * Entirely revised, updated, and expanded to reflect the current state of oncology nursing practice. * Expanded pain management content. * New content on nonpharmacologic interventions (e.g. heat massage, imagery). * New content on alternative therapies. AACN Core Curriculum for Pediatric High Acuity, Progressive, and Critical Care Nursing, Third Edition May 05 2021 AACN Core Curriculum for Pediatric High Acuity, Progressive, and Critical Care, Third Edition, provides content required to deliver the best care for critically ill or injured children. As acuity increases in all inpatient departments and the practice of pediatric critical care expands beyond the acute phase of illness or injury, knowledge of pediatric critical care is more essential than ever. Pediatric acute and critical care nurses find themselves handling not only their patients, but care of their families and management of an interprofessional team of caregivers. With emphasis on evidence-based care and professionalism, this essential resource captures the professional role of the pediatric critical care nurse and the nurse's contributions to the process of continuous quality improvement. Ideal for pediatric critical care and acute care nurses, high acuity/critical care courses, and continuing education, AACN Core Curriculum for Pediatric High Acuity, Progressive, and Critical Care, Third Edition, contains core AACN guidelines for the highest

quality nursing practice. The text covers anatomic, physiologic, cognitive, and psychosocial changes that occur throughout the pediatric lifespan. Chapters are systems focused and review developmental anatomy and physiology, clinical assessment, pharmacology, diagnostic tests, and therapeutic procedures. For each type of disease and injury, information is provided on pathophysiology, etiology, risk factors, signs and symptoms, nursing and collaborative interprofessional management, and complications. New to the Third Edition: Updated to include current patient management and the latest pediatric drug information Contains a completely new chapter on professional nursing issues, including quality, safety, communications, teamwork, work environment, and personal wellness Provides revised case studies and review questions/answers reflecting the latest version of the CCRN® Pediatric exam Key Features: Delivers comprehensive, current information for nursing students and those preparing for the CCRN® Pediatric exam Content is based on the most current standards of care, scope of practice, national guidelines, key AACN initiatives, and the AACN Certification Corporation Pediatric CCRN® Test Plan Presented in easy-to-read outline format for quick access to information Written and endorsed by AACN and AACN-affiliated subject matter experts Provides case studies to illustrate patient scenarios Discusses the application of AACN's Synergy Model for

Patient Care in pediatric high acuity and critical care nursing practice Includes in-depth coverage of multisystem problems such as multiple trauma, toxicology, septic shock, and burns

Emergency Nursing Core Curriculum Apr 16 2022 Emergency Nursing Core Curriculum, 7th Edition, presents a clear, concise, and thorough overview of emergency nursing. Authored by the Emergency Nurses Association (ENA), this new edition includes updated information about insulin types, cancer guidelines, diabetes, HIPPA information and more! Building upon the strengths of previous editions, new photographs and illustrations make content more accessible, bringing essential concepts to life This edition provides nurses with an invaluable resource for certification review. Used by practicing emergency nurses at all levels, this highly-respected resource is essential for gaining knowledge, developing practice standards, and improving quality of care. Authored by ENA, you can rely on this text to be the most authoritative and up-to-date resource available. The text's outline format and alphabetical listing of the Clinical Emergencies chapters mean you can find the information you need - fast! NEW! Updated content incorporates the latest information about: New types of insulin Diabetes Cancer statistics Stroke guidelines HIPPA information Healthy People 2020 Sepsis protocols Forensic Aspects of Emergency Nursing Violence in the ED Palliative care ENA-

authored ensures text is the most authoritative and up-to-date resource available. NEW! Reorganized unit on trauma emergencies makes facts more easy to find. Updated outline and alphabetical listing of the Clinical Emergencies chapters makes information quickly accessible. NEW! Additional illustrations and tables enhance your understanding of key information.

Core Curriculum for Neonatal Intensive Care Nursing E-Book Aug 20 2022 Ensure you're referencing the most accurate information surrounding nursing practice in today's neonatal intensive care unit with AWHONN's Core Curriculum for Maternal-Newborn Nursing, 6th Edition. Developed by one of the most authoritative associations in neonatal intensive nursing care, AWHONN, this renowned guide provides in-depth coverage of the most common neonatal disorders and their management — focusing on the latest evidence-based practice for preterm infants, medications, and antepartum-intrapartum complications. Additionally, the concise outline format makes information easy to find as it highlights the essentials of each condition including the definition, etiology, pathophysiology, signs and symptoms, diagnostic tests, treatments, and outcomes. With timely content that sets the standard for neonatal nursing practice, this trusted reference is an excellent resource for practicing nurses working in any NICU worldwide. Content developed by AWHONN, one of the

most authoritative associations in neonatal intensive care nursing, ensures the information is both accurate and relevant. Concise outline format provides access to important nursing considerations associated with the management of the most common conditions in the neonate. Full-scope coverage of neonatal nursing practice provides information on families, ethics, legal issues, research, case management, the transition to home, and more. Focus on evidence-based practice related to preterm infants, medications, and antepartum-intrapartum complications sets the standard for neonatal nursing practice. Strategies to promote inclusionary care better reflect today's nursing care today with a focus on family-centered care, comprehensive perinatal records, health care teams in the NICU, and infant care best practices. NEW! Expanded information on breastfeeding and acquired opioid dependency keep you informed with the latest best practices related to these two everchanging areas. NEW! Updated neonatal resuscitation guidelines ensures you follow the most up-to-date protocols and procedures in this critical skill area. NEW! Additional tables and boxes help you quickly find important information.

PeriAnesthesia Nursing Core Curriculum

Jun 06 2021 Prepare to succeed on the CPAN(R) and CAPA(R) exams with this authoritative guide from ASPAN!

PeriAnesthesia Nursing Core Curriculum, 3rd Edition is a comprehensive reference that helps you care for patients before and after anesthesia in all types of settings. There's no other review like it. Coverage of the full scope of perianesthesia nursing makes it an ideal resource for both in-hospital and ambulatory care. And to keep you current, this edition also describes the newest advances in interventional radiology, robotics, and endoscopy procedures. Written by the American Society of PeriAnesthesia Nurses and edited by respected perianesthesia nurses Lois Schick and Pam Windle, this book will help you develop the skills and expertise you need to excel on your certification exam and in practice. Authoritative ASPAN authors cover the core content necessary to demonstrate competency as a perianesthesia nurse, including ASPAN's full scope of practice for the CPAN(R) and CAPA(R) certifications. Six sections cover required competencies in these key areas of perianesthesia nursing: professional issues, preoperative assessment, patient care across the life span, perianesthesia, body systems, and education and discharge. Easy-to-use outline format provides a quick review of the fundamentals and standards of practice for patient assessment and care. Objectives at the beginning of each chapter help you focus on and learn key content. Numerous boxes, tables, and illustrations highlight important information and make the book a valuable reference. Preoperative Assessment

Competencies section addresses all aspects of the complete assessment of the patient and family, including areas such as transcultural nursing and alternative therapies as well as the mentally and physically challenged patient. Life Span Considerations section prepares you for the care of patients of all ages with chapters on pediatric, adolescent, adult, and geriatric patients. Useful appendixes cover the CPAN and CAPA certification programs and provide test-taking strategies, helping you to prepare for and pass your exam. A bibliography at the end of every chapter lists additional research resources. NEW content covers interventional radiology, robotics, endoscopy procedures, and the latest technology as it impacts perianesthesia nurses. NEW! Streamlined chapters provide a more concise book. UPDATED Professional Competencies section includes the latest safety, regulatory, and healthcare policies. UPDATED Education and Discharge Competencies section addresses the changes in ambulatory settings and patient discharges.

Wound, Ostomy and Continence Nurses Society Core Curriculum: Continence Management Dec 20 2019 Based on the curriculum blueprint of the Wound, Ostomy, and Continence Nursing Education Programs (WOCNEP) and approved by the Wound, Ostomy, and Continence Nurses Society™ (WOCN®), this practical text for continence care is your perfect source for expert guidance, training and wound, ostomy and continence (WOC) certification exam

preparation. Full of expert advice, fundamental principles and vital clinical skills on continence care, **Core Curriculum Continence Management, 2nd Edition** is one of the few nursing texts to cover this practice area in detail.

Core Curriculum for Nursing Professional Development, 5th Edition Feb 02 2021

Core Curriculum for Pain Management Nursing - E-Book May 17 2022 Learn how to successfully work with patients in pain with **The Core Curriculum for Pain Management Nursing, 3rd Edition**. Written by the American Society for Pain Management Nursing (the primary nursing organization in pain management), this easy-to-read text covers the entire scope of pain management in a very user-friendly outline format. This new edition has been thoroughly updated to reflect the latest standards and scope of practice put forth by the ASPMN. Yet, it still retains its strong nursing focus as it explores the nurse's role as a patient advocate in pain management and how that role changes from a Registered Nurse to a Clinical Nurse Specialist to a Nurse Practitioner. Both pharmacologic and non-pharmacologic methods of pain management are discussed, as is a wide variety of patient subsets beyond the traditional pediatric, adult, and geriatric patient. If you're looking to pass the ASPMN credentialing exam and work successfully with all types of patients in pain, then this is the perfect text for you! Content written by the ASPMN (American Society for

Pain Management Nursing), the primary nursing organization in pain management, ensures the material is authoritative and timely. **UNIQUE!** Expansive patient coverage addresses not only adults, pediatric and geriatric patients, but also key subsets of patients — such as those who have concomitant addiction, those who have cancer, those who are under sedation for a procedure, and more. Comprehensive coverage discusses important topics — such as the disparities in pain management, gender differences in pain and analgesia, the effect of depression on pain perception and management, the use of research, various theories of pain management, and more — to fully prepare you for your ASPMN credentialing exam and professional practice. **UNIQUE!** Strong nursing focus thoroughly explores the nurse's role as a patient advocate in pain management and how that role changes from a Registered Nurse to a Clinical Nurse Specialist to a Nurse Practitioner. Unique outline format makes the text an accessible and easy-to-read reference. **NEW!** Coverage of both pharmacologic and non-pharmacologic pain interventions has been updated to keep you abreast of the latest methods for both types of pain management. **NEW!** Thoroughly updated information reflects the latest standards and scope of practice as well as the blueprint for the ASPMN credentialing exam. **NEW!** Additional information on pain management in bariatric patients highlight important considerations that

you need to know when caring for this specific patient population. **NEW!** Added illustrations and figures throughout the text make difficult concepts easier to understand.

PeriAnesthesia Nursing Core Curriculum E-Book Nov 23 2022 Prepare to succeed on the CPAN® and CAPA® exams with this authoritative guide from ASPAN!

PeriAnesthesia Nursing Core Curriculum, 4th Edition is a comprehensive reference that helps you care for patients before and after anesthesia in all types of settings. Coverage of the full scope of perianesthesia nursing makes it an ideal resource for both inpatient and outpatient care. To keep you current on the many facets of perianesthesia, this edition also describes the newest advances in interventional radiology, robotics, and endoscopy procedures. Written by the American Society of PeriAnesthesia Nurses (ASPAN) and edited by respected perianesthesia nurses Lois Schick and Pam Windle, this book will help you build the skills and expertise you need to excel on your certification exam and in practice. Perianesthesia Complications chapter now appears after the System Competencies section to quickly display complications for all system competencies in one spot to help you find this vital information easily. System Competencies chapters have been updated to focus on specific, non-redundant topics to help you grasp key points right away. **UPDATED!** Certification of Perianesthesia Nurses and Testing Concepts and Strategies appendices provide helpful

tools for CPAN® or CAPA® certification to assist you to prepare for these exams. This authoritative guide written by ASPAN covers the full scope of perianesthesia practice to help you prepare to succeed in practice and on the CPAN® and CAPA® exams. Easy-to-use outline format serves as a quick review and reference. Objectives at the beginning of each chapter focus on key content to allow you to use the book more effectively. Plentiful boxes, tables and illustrations highlight important references to ensure you get the most out of the book's multifaceted topics. A bibliography at the end of every chapter provides additional resources to make it easy for you to research at an in-depth level. NEW! Two-color and two-column design arranges information logically to help you quickly find key information. NEW! Content on enhanced recovery after surgery (ERAS), gender diversity, DNR/DNAR/DNI, and the drug Bridion® (sugammadex) showcases a wide variety of important topics to help you gain a deep understanding of the spectrum of perianesthesia. NEW! Updated content reflects changes in the ASPAN Core Curriculum as well as CPAN® and CAPA® testing to ensure you stay current in perianesthesia in the classroom and in clinicals.

AANN Core Curriculum for Neuroscience Nursing Jun 18 2022

[AACN Core Curriculum for High Acuity, Progressive and Critical Care Nursing - E-Book](#) Jul 07 2021 From the experts at the American Association of Critical-Care Nurses (AACN) comes the definitive resource for critical care certification and clinical practice. This new seventh edition has been thoroughly updated to reflect the current state of high acuity, progressive, and critical care nursing practice and includes expanded coverage of pain management, palliative care, and end-of-life care; transplantation; and key AACN initiatives. It also reflects the most current literature, national and international guidelines, clinical studies, and of course, the newest content on

the CCRN® exam. Authored by the experts at the American Association of Critical-Care Nurses (AACN), this is the definitive guide to critical care nursing certification and clinical practice. NEW! Significantly updated content corresponds to the most recent CCRN® examination blueprint and reflects the most current literature, national and international guidelines, clinical studies, AACN/ANA scope of practice, and ECCO 3.0. NEW! Expanded coverage of key content reflects the healthcare needs of today's patients, including pain management, palliative care, and end-of-life care; nutritional support; transplantation; and key AACN initiatives. Concise outline format is organized by body system to make information easy to digest. NEW! Clinical Pearls and Key Concepts boxes highlight key content and serve as a convenient quick reference. NEW! Improved navigation includes printed index tabs to help distinguish chapters and find information fast. Basic to advanced levels of coverage, with an emphasis on clinical nursing practice, prepare you for the full range of knowledge you will encounter on the CCRN exam and in practice. Coverage of the AACN Synergy Model is featured in the new opening chapter. Professional Care and Ethical Practice is integrated into the Core Curriculum series framework. A new chapter on Critical Care Patients with Special Needs includes bariatric and geriatric patients in critical care, as well as high-risk obstetric patients. Features new content on chest tubes, liver transplantation for

acute liver failure, spirituality, and spiritual aspects of care. Integrates pain as the 5th vital sign and includes JCAHO, HCFA, and AHCPR guidelines relating to pain management. Features AHRQ evidence-based practice guidelines as reference sources for practice interventions. New organization for Patient Care presents patient problems, needs, etc. in order of clinical priority. Expanded Nursing Interventions includes considerations related to patient/family education, patient transfer, and discharge planning. Web-based resources for CDC, AHA, NINR, National Guideline Clearinghouse, NIH Consensus Conference Proceedings, ADA.

Core Curriculum for Nephrology Nursing Oct 30 2020

Core Curriculum for Critical Care Nursing Jul 19 2022 New edition which contains everything required by critical care nurses for practice and certification. Includes all the content on the CCRN examination blueprint. Also useful as a clinical reference providing quick access to essential information needed for care of critically ill clients.

Heart Failure Nursing Certification Feb 14 2022

CMSA Core Curriculum for Case

Management Sep 21 2022 This text contains the core body of knowledge for case management practice as delineated by the Case Management Society of America (CMSA), the largest professional organization of case managers. The core curriculum provides a

"synthesis of case management evolution," and presents essential elements, concepts, and vision for current and future case management practice. This edition is significantly expanded to reflect the dynamic changes taking place in case management. Each chapter is organized in a consistent format that includes learning objectives; introduction; important terms and concepts; key definitions; and references. Core Curriculum for the Dialysis Technician Sep 09 2021 The Core Curriculum covers physiology, chemistry, psychology of renal failure, life on dialysis, and technology including water treatment, safe cannulation, and equipment. It helps teach new dialysis technicians and nurses to be capable and compassionate care providers who understand what to do and why.

Core Curriculum for Lactation Consultant Practice Jan 13 2022 Core Curriculum for Lactation Consultant Practice, Second Edition allows aspiring and established lactation consultants to assess their knowledge, experience, and expertise in developing an effective study plan for certification. The Second Edition of this text, contributed to by Rebecca Mannel, Patricia J. Martins, and Marsha Walker, has been updated and is the perfect resource to study for the certification exam. This updated resource takes you through the areas that appear in the lactation consultant certification exam administered by the International Board of Lactation Consultant Examiners (ILCA). The comprehensive coverage

will allow you to develop an effective plan to optimize your study time. The curriculum also serves as a convenient, evidence-based source for daily reference. Specifically the Second Edition: * Follows the IBLCE exam blueprint, reviewing all topics and areas covered on the lactation consultant certification exam. * Provides a "road map" that allows you to pinpoint areas of particular interest or identified need. * Presents a useful reference for staff development, new staff orientation, and curriculum development. * Presents extensive references to direct you to further study. * Provides extensive references to direct you to further study. * Presents the core knowledge needed to practice as an IBCLC.

Gastroenterology Nursing Mar 23 2020
The A. S. P. E. N. Pediatric Nutrition Support Core Curriculum, 2nd Edition Nov 11 2021

Core Curriculum for Holistic Nursing May 25 2020 Published in partnership with the American Holistic Nurses Association (AHNA), Core Curriculum for Holistic Nursing, Second Edition is an excellent resource for nurses preparing to become certified in holistic nursing. The first study guide of its kind, it features more than 380 questions and a Foreword written by Barbara Montgomery Dossey. In addition, it covers all major holistic nursing areas with the most current AHNA/ANA Holistic Nursing Scope & Standards of Practice. Topics include principles of holistic nursing leadership, educational strategies for

teaching students about the relationship between quality improvement and patient-centered care, holistic research, evidence-based holistic nursing practice, appropriate theory to guide holistic nursing practice, and information about common herbs and supplements. With both basic and advanced questions and answers in each chapter, *Core Curriculum for Holistic Nursing, Second Edition* gives nurses the opportunity to test their knowledge while gaining valuable test taking experience. New chapters include: * *Nursing: Integral, Integrative and Holistic: Local to Global* * *Holistic Nursing: Scope and Standards of Practice* * *Holistic Leadership* * *Nurse Coaching* * *Facilitating Change: Motivational Interviewing and Appreciative Inquiry* * *Evidence-Based Practice* * *Teaching Future Holistic Nurses: Integration of Holistic and Quality Safety Education (QSEN) Concepts* For nurses who want a detailed study guide to holistic nursing, it is a natural companion to *Holistic Nursing: A Handbook for Practice, Sixth Edition* by Barbara Montgomery Dossey and Lynn Keegan. Included with each new print book is an online Access Code for *Navigate TestPrep*, a dynamic online assessment tool designed to help nurses prepare for certification examinations. * Randomized questions from the book create new exams on each attempt * Monitors results on practice examinations with score and time tracking * Reporting tools evaluate progress and results [Core Curriculum for Neonatal Intensive Care](#)

[Nursing - E-Book](#) Mar 15 2022 Perfect as a resource in the field or for exam preparation, this authoritative reference from the Association of Women's Health, Obstetric, and Neonatal Nurses (AWHONN) includes in-depth coverage of the most common neonatal disorders and their management. The concise outline format highlights the essentials of each condition including definition, etiology, pathophysiology, signs and symptoms, diagnostic tests, treatments, and outcomes to help you find important information quickly. This new edition also features an increased focus on evidence-based practice, new CAMTS and AAMS guidelines, new techniques for PICC placement, and changes to the Neonatal Resuscitation Program. All necessary information to prepare for the neonatal intensive care nursing certification examination is included. Concise outline format provides access to important nursing considerations associated with the management of the most common conditions in the neonate. Text provides a collaborative effort between the three most authoritative associations in neonatal intensive care nursing - AWHONN, AACN, and NANN. Information on families, ethics, legal issues, research, case management, and the transition to home acknowledge the full scope of neonatal nursing practice. NEW! CAMTS and AAMS guidelines, techniques for PICC placement, and changes to the Neonatal Resuscitation Program are just a few of the updates that reveal the importance

the new edition places on safety practices and procedures. NEW! Updated chapter on Patient Safety includes selected improvement strategies and resources for neonatal nurses to build a patient safety toolkit, discusses TeamSTEPPS (Team Strategies and Tools to Enhance Performance and Patient Safety), and recognizes human issues, such as shift work and fatigue. NEW! Increased focus on evidence-based practice for preterm infants, medications, and antepartum-intrapartum complications sets the standard for neonatal nursing practice. NEW! Strategies to promote inclusionary care better reflect nursing care today by focusing on family-centered care, comprehensive perinatal records, health care teams in the NICU, and best practices in the care of the late preterm infant. NEW! Comprehensively revised chapter on Immunology identifies risk factors for infection associated with term and preterm infants, distinguishes clinical symptoms and therapies associated with TORCHES CLAP spectrum infections, and includes prevention strategies for hospital-acquired infections. NEW! Thoroughly updated content and references reflect currency and technologic advances. NEW! Refocused chapter on Developmental Care guides the nurse to use assessment within the context of the environment and situation to initiate interventions in the moment or use patterns of responses for developing plans of care and presents core measures on evaluating developmental care practices in the NICU.

Core Curriculum for Ambulatory Care Nursing Dec 12 2021 The Core Curriculum for Ambulatory Care Nursing, 3rd edition, has been updated from cover to cover, as things change rapidly in this professional nursing specialty. Content has been revised and enhanced, and reflects the new test content addressed in the Ambulatory Care Nursing certification exam, such as expanded focus on clinical care and telehealth practice. New content includes a chapter on perioperative care and another on the changing role of the ambulatory care nurse with medical homes, transitional care and complementary and alternative therapies. Over 30 hours of continuing education credit are available and are free to members of AACN. Purchase a copy to ensure you or your facility is providing the highest level of patient care in the ambulatory setting.

Core Curriculum for Vascular Nursing Sep 28 2020 An official publication of the Society for Vascular Nursing, the Second Edition of the Core Curriculum for Vascular Nursing provides the core knowledge needed by the novice entering the specialty. It also serves as a manual for the nursing instructor, a study guide for cardiovascular certification, and a reference for the experienced vascular clinician caring for the challenging vascular patient. Topics include the evolution of vascular nursing, vascular assessment and diagnosis, vascular nursing research, and guideline-directed medical, endovascular and surgical therapy for the treatment of carotid artery stenosis, aortic

aneurysm, renal artery stenosis, vascular access, venous disease, vascular trauma, amputations, and lymphedema.

Core Curriculum for Maternal-newborn Nursing Apr 23 2020 This second edition provides the core knowledge required to skillfully carry out all daily clinical responsibilities. Current, updated coverage examines human reproduction, genetics, high-risk pregnancies, labor and delivery risk, and much more.

Core Curriculum for Transplant Nurses Jan 01 2021 An official publication of the International Transplant Nurses Association, the updated Second Edition provides a guide to safe and effective care for solid organ transplant recipients worldwide. It includes coverage of the unique requirements of each organ transplanted, with separate chapters for heart, lung, kidney, liver, small intestine, and pancreas/islet cell transplantation. Other chapters cover important topics that affect all organs, such as immunology, infections, pharmaceutical agents, and patient education and discharge planning. The Core is an ideal review and study guide for the solid organ.

Core Curriculum for Infusion Nursing Oct 22 2022 Brought to you by the global authority in infusion therapy, the Fourth Edition for the Certified Registered Nurse Infusion (CRNI®) examination. The broad understanding of the specialty, serving both continuing education and professional development needs. The completely revised Fourth Edition covers the latest technological advances in infusion

therapy and reflects the recent expansion of the practice of infusion nursing. A detailed outline format makes it easy to retrieve and review essential facts. Organized in nine core content areas, each chapter serves as the basis for the development of test questions.

Core Curriculum for Medical-surgical Nursing Nov 30 2020 This Core presents a comprehensive body of knowledge to promote excellence in medical-surgical nursing practice.

Seventh Edition Core Curriculum for Nephrology Nursing Jan 21 2020 This comprehensive, peer-reviewed resource sets the standard for nephrology nursing clinical practice. Written by experts in the field, the 2020 edition presents the newest information regarding kidney disease, its treatment, and the nursing care involved. New and updated content reflects current policy and terminology, including health information technology, collaboration with ESRD Networks, economics of ESRD reimbursement, nutritional needs of patients undergoing bariatric surgery, nutritional needs of pregnant patients, advance care planning, palliative care, and end-of-life care. The seventh edition contains almost 1,800 pages divided into two volumes, includes self-assessment questions, and provides more than 60 nursing continuing professional development contact hours and almost 12 pharmacology hours.

Study Guide for the Core Curriculum for Oncology Nursing Mar 03 2021 Prepare for your OCN® Exam with the only study guide

endorsed by ONS! Based on the latest test blueprint for the OCN Exam, this is the only question-and-answer review developed in collaboration with the Oncology Nursing Society. Practice questions match the format and makeup of the OCN Exam and reflect important changes in cancer treatment and nursing care. A companion to Core Curriculum for Oncology Nursing, 6th Edition, this definitive resource maximizes your study and review for OCN certification. UNIQUE! The only Q&A review book developed in collaboration with and endorsed by the Oncology Nursing Society (ONS), the parent company of the Oncology Nursing Certification Corporation (ONCC), which administers the OCN Examination. UNIQUE! In-depth review matches the ONS Core Curriculum for Oncology Nursing and reflects the full continuum of cancer care, the scientific basis for practice, palliation of symptoms, oncologic emergencies, and professional performance. UNIQUE! Questions keyed to QSEN (Quality and Safety Education for Nurses) competencies focus on reducing errors and increasing patient safety. Expert contributors include authors who developed the ONS Core Curriculum for Oncology Nursing, other cancer experts, and other practicing oncology nurses. Answer Key includes detailed rationales for correct and incorrect responses. NEW! UPDATED content matches the latest OCN® Examination test blueprint and The Core Curriculum for Oncology Nursing, 6th Edition. UPDATED

coverage of cancer treatment and related nursing care includes all important changes, preparing you for the OCN® Exam and for expert clinical practice. UPDATED coverage of the latest research evidence.

The ASPEN Adult Nutrition Support Core Curriculum Jan 25 2023

Emergency Nursing Core Curriculum Dec 24 2022

Core Curriculum for the Hospice and Palliative Registered Nurse Jul 27 2020

Hospice and palliative care nursing is evolving and growing. This has propelled nurses into thinking about care in creative ways and enhancing bedside delivery of hospice and palliative care. This evidence-packed edition serves as a preparatory guide for board certification and a practice guide for the hospice and palliative care nurse.

Core Curriculum for Occupational and Environmental Health Nursing Nov 18 2019 A comprehensive overview of occupational and environmental health nursing, this new edition represents the most current core knowledge on the many dimensions of occupational and environmental health nursing practice today. Written by experts in the field, this guide is based on recent revisions to AAOHN's Code of Ethics and Standards of Practice. It is useful as a basic orientation to this specialty, as a study tool when preparing for certification, and as a clinical reference, regardless of your setting. An outline format makes information easy to find and easy to follow!
