With astonishing honesty, this memoir, *Get Me Out of Here*, reveals what mental illness looks and feels like from the inside, and how healing from borderline personality disorder is possible through intensive therapy and the support of loved ones. A mother, wife, and working professional, Reiland was diagnosed with borderline personality disorder at the age of 29—a diagnosis that finally explained her explosive anger, manipulative behaviors, and self-destructive episodes including bouts of anorexia, substance abuse, and promiscuity. A truly riveting read with a hopeful message. Excerpt: "My hidden secrets were not well-concealed. The psychological profile had been right as had the books on BPD. I was manipulative, desperately clinging and prone to tantrums, explosiveness, and frantic acts of desperation when I did not feel the intimacy connection was strong enough. The tough chick loner act of self-reliance was a complete facade." *How Do We Get Out of Here?* is R. Emmett Tyrrell, Jr.'s intimate memoir, detailing his leadership in the conservative movement and his relationships with its major personalities from 1968 to the present. When R. Emmett Tyrrell, Jr. was a conservative college student in 1968, he watched as Senator Robert Kennedy gave a rousing campaign speech. When Senator Kennedy asked him, "How do we get out of here?" Tyrrell—the only other person onstage—not only escorted the candidate to his car but boldly pressed a "Reagan for President" button into the legendary Democrat's hand. This early, irreverent political prank marked Tyrrell's entrance into what would become a decades-long engagement at the heart of American politics as founder and publisher of the legendary conservative magazine, *The American Spectator*. Tyrrell has now written a candid memoir of those tumultuous years, complete with fascinating—and often, uproarious—behind-the-scenes vignettes of the turbulent politics and the most prominent political and literary personalities of the era, including the *Spectator*'s furious political battles with Bill Clinton, the author's close association with Ronald Reagan, his warm relations and competition with William F. Buckley of the *National Review*, his friendship with a post-presidential Richard Nixon, and the chaotic years of Donald Trump's presidency. Written in Tyrrell's trademark unflinching and biting satirical style, *How Do We Get Out of Here?* is an invaluable and intimate recount of the political and cultural battles that shaped our contemporary politics, written by a raconteur whose fearless muckraking materially impacted the politics of the modern era. A poignant novel of desperation, escape, and survival across the U.S.-Mexico border, inspired by current events. A Pura Belpré 2021 Young Adult Author Honor Book! A BookPage Best Book of 2020! He tells the story of his return to the working-class town of Paisley in Scotland to visit the very room in which he has been born, and his visits to the ruined McLauchlan castle and the battlefields at Culloden in an attempt to find his own place within a long and tumultuous clan history. Dear Reader, What you are now holding is a most interesting book. The world beyond is speaking. It is offering advice, asking for help and giving answers. It exists and speaks about life -- our life here on earth and of possible consequences of our behaviour. It tells us that it is not the same to be humble, loving, good, merciful, loyal and honest as it is to be proud, loveless, bad, merciless, betraying and dishonest. At death this is not forgotten but rather remembered in total clarity. Not only is the punishment, or better yet the cleansing, spoken about; but also the length of this cleansing is so very much more. Then you ask yourself, is it possible? In the Catholic church one speaks about a transitory state which for a very long time has been referred to as Purgatory. Despite there being different theories, this state is always taken seriously. One needs it because one can only come before God cleansed and pure. Beth endures some difficult experiences which lead her to reappraise her leadership skills. A summary of the spheres and planes that we encounter after death, and what happens in each. Based on a significant number of published and unpublished sources of channeled material, this book is a concise summary of what we can expect after death. It includes some descriptions of the Astral Plane, the Hells and the Seven Spirit Spheres which lead to the entrance to the Eternal Realms. The immediate post-death phase is discussed in detail, as also the initial arrivals areas. The requirements for progression are detailed, as also how to get out of the dark planes. Each Sphere is discussed and the role of that Sphere in the overall progression scheme is noted. All of this book is included in "Is Reincarnation an Illusion?" as Chapter 16. Jeremy Steig, the acclaimed jazz flutist, was just a teen when his life's path suddenly became clear to him. He soon jumped headlong into the jazz scene of Greenwich Village in the 1960s, where drugs flowed constantly, "free love" was encouraged, and musicians could make a living by simply passing a hat. He was also shaped by the influences of his talented and eccentric family, "€," including his father, cartoonist William Steig (the New Yorker and Shrek!); his mother, Liza, a brilliant painter; and his aunt, anthropologist Margaret Mead, "€," as well as the cult-like Reichian community his father was deeply involved in. With dry wit and a blunt, unapologetic style, Jeremy offers his unique perspective on the events of his life, including a debilitating accident that almost derailed his career before it began, his groundbreaking debut album in 1963, playing for huge audiences around the world, money troubles and multiple divorces, his disappearance from the public eye, and his comeback in the two A Morris Award Finalist Longlisted for the National Book Award For fans of The Book Thief and The Boy in the Striped Pajamas comes a lushly illustrated novel about a teen Holocaust survivor who must come to terms with who she is and how to rebuild her life. "A tour de force. This powerful story of love, loss, and survival is not to be missed." --KRISTIN HANNAH, #1 New York Times bestselling author of The Nightingale After losing her family and everything she knew in the Nazi concentration camps, Gerta is finally liberated, only to find herself completely alone. With a newfound Jewish identity she never knew she had, and a return to the life of music she thought she lost forever, Gerta must choose how to build a new future. "What the Night Sings is a book from the heart, of the heart, and to the heart. Vesper Stamper's Gerta will stay with you long after you turn the last page. Her story is one of hope and redemption and life--a blessing to the world." --Deborah Heiligman, award-winning author of Charles and Emma and Vincent and Theo A WALL STREET JOURNAL BEST CHILDREN'S BOOK OF 2018 A KIRKUS REVIEWS BEST BOOK OF 2018 Preston Brown is one of the most elegant and upcoming stars in the African-American community; who has destiny written all over him. "They call me a madman but compared to Pete Way, I'm out of my league." - Ozzy Osbourne There are rock memoirs and then there is this one. A Fast Ride Out of Here tells a story that is so shocking, so outrageous, so packed with excess and leading to such uproar and tragic consequences as to be almost beyond compare. Put simply, in terms of jaw-dropping incident, self-destruction and all-round craziness, Pete Way's rock'n'roll life makes even Keith Richards's appear routine and Ozzy Osbourne seem positively mild-mannered in comparison. Not for nothing did Nikki Sixx, bassist with LA shock-rockers Motley Crue and who 'died' for eight minutes following a heroin overdose in 1988, consider that he was a disciple of and apprenticed to Way. During a forty-year career as founding member and bassist of the venerated British hard rock band UFO, and which has also included a stint in his hell-raising buddy Ozzy's band, Pete Way has both scaled giddy heights and plunged to unfathomable lows. A heroin addict for more than ten years, he blew millions on drugs and booze and left behind him a trail of chaos and carnage. The human cost of this runs to six marriages, four divorces, a pair of estranged daughters and two dead ex-wives. Latterly, Way has fought cancer, but has survived it all and is now ready to tell his extraordinary tale. By turns hilarious, heart-rending, mordant, scabrous, self-lacerating, brutally honest and entirely compulsive, A Fast Ride Out of Here will be a monument to rock'n'roll debauchery on an epic, unparalleled scale and also to one man's sheer indestructibility. Animal lover and kid scientist Olga is back! Great for fans of the acclaimed graphic novels Real Friends and Invisible Emmie. In this second installment of a series Franny K. When you buy an old house, you get much more than a house. In all its quirks, its alterations, in fragments of memory and traces left behind, you get a bundle of small mysteries. Who used to live here? Why did they come here, and where did they go? Whose name is that written on the attic wall? When did that odd little bathroom get shoehorned in there, and what did the room look like before? If you're lucky, one or two of your house's mysteries might unfold into stories. Akum Norder was very lucky. The History of Here follows Albany, New York's, Pine Hills neighborhood through more than one hundred years of change. At its heart is the story of Norder's 1912 house and the people who built and lived in it. As Norder traced their histories, she came to see the development of her house, her street, and her neighborhood as a piece of Albany's story. In the lives of its residents, their struggles and triumphs, she saw a reflection of twentieth-century America. Drawing on interviews, city records, newspapers, out-of-print books, and other sources, Norder's narrative makes a case for city neighborhoods: their value, their preservation, and the grassroots involvement that turns a jumble of houses into a community. Funny and thought-provoking, readable and relevant, The History of Here celebrates the sense of place that fuels the new urbanism. Akum Norder has contributed to the literature of American life a paean of neighborliness of which Garrison Keillor would be pleased to read, and perhaps E. B. White and even James Agee would take pleasure in this could they look in from the great beyond. Rooted in the keenly seen particular, this history has implications about the organic growth of American cities in general, and what we mean when we talk about "the good old days."
