Service-Learning Essentials is the resource you need to help you develop high-quality service-learning experiences for college students. Written by one of the field's leading experts and sponsored by Campus Compact, the book is the definitive work on this high-impact educational practice. Service-learning has been identified by the Association of American Colleges and

Universities as having been widely tested and shown to be beneficial to college students from a wide variety of backgrounds. Organized in an accessible question-and-answer format, the book responds clearly and completely to the most common questions and concerns about service-learning. Each chapter addresses issues related to individual practice as well as to the collective work of starting and developing a service-learning center or program, with examples drawn from a variety of disciplines, situations, and institutional types. The questions range from basic to advanced and the answers cover both the fundamentals and complexities of service-learning. Topics include: Determining what service-learning opportunities institutions should offer How to engage students in critical reflection in academic courses and in cocurricular experiences Best practices for developing and sustaining mutually beneficial campus-community partnerships Integrating service-learning into the curriculum in all disciplines and at all levels, as well as various areas of student life outside the classroom Assessing service-learning programs and outcomes The dilemmas of service-learning in the context of power and privilege The future of service-learning in online and rapidly globalizing environments Service-learning has virtually limitless potential to enable colleges and universities to meet their goals for student learning while making unique contributions to addressing unmet local, national, and global needs. However, in order to realize these benefits, service-learning must be thoughtfully designed and carefully implemented. This easy-to-use volume contains everything faculty, leaders, and staff members need to know about service-learning to enhance communities, improve higher education institutions, and educate the next generation of citizens, scholars, and leaders. An excellent primer on the key concepts of psychometrics Essentials of Psychological Testing surveys the basic principles of psychometrics, supplies the information needed to understand and evaluate tests, and introduces readers to the major contemporary reference works in the field. It is the only book to provide such a thorough and up-to-date overview of psychometrics in an engaging, accessible format. As part of the Essentials of Behavioral Science series, this book offers an overview of the most relevant psychometric concepts and techniques that provides the foundation necessary for knowledgeable, informed practice. Each concise chapter features numerous callout boxes highlighting key concepts, bulleted points, and extensive illustrative material, as well as "Test Yourself" questions that help to gauge and reinforce readers' grasp of the information covered. Starting with a basic introduction to psychological tests, their historical development, and their uses, Essentials of Psychological Testing also covers the statistical procedures most frequently used in testing, the frames of reference for score interpretation, reliability, validity, and test item considerations, as well as guidelines for test selection, administration, scoring, and reporting test results. Whether as an orientation for those new to the field, a refresher for those already acquainted with it, or as a reference for seasoned clinicians, Essentials of Psychological Testing is an invaluable resource on the fundamentals of this evolving area of practice. The coursebooks are the only study guide reviewed and approved by CIM (The Chartered Institute of Marketing). Each book is crammed with a range of learning objectives, cases, questions, activities, definitions, study tips and summaries to support and test your understanding of the theory. Past examination papers and examiners' reports are available online to enable you to practise what has been learned and help prepare for the exam and pass first time. Extensive online materials support students and tutors at every stage. Based on an understanding of student and tutor needs gained in extensive research, brand new online materials have been designed specifically for CIM students and created exclusively for Butterworth-Heinemann. Check out exam dates on the Online Calendar, see syllabus links for each course, and access extra mini case studies to cement your understanding. Explore marketingonline.co.uk and access online versions of the coursebooks and further reading from Elsevier and Butterworth-Heinemann.
