*Horror Short Stories* Aug 27 2020 Ghouls, ghosts, and macabre terrors stalk the night in this spine-tingling collection. With tales describing unnatural frights and haunting visions of cosmic terror, you will be taken on a journey into the disturbing imaginations of some of horror's greatest writers. The stories' heroes face incredible creatures, unknowable gods, and supernatural beings who have no regard for human life. Horror literature has its roots in the

mists of time. In the 19th century, writers delved into ancient folk tales and local legends to inspire an entire genre. In the 20th century, the next generation of writers brought to life a brand new array of terrifying monsters. The authors in this volume range from Victorian pioneers, such as Bram Stoker and Edgar Allan Poe, to the pulp writers of the 20th century, such as William Hope Hodgson and H. P. Lovecraft. The tradition of horror writing that developed took very different turns on either side of the Atlantic - while American authors turned to unknowable horrors and cosmic terrors, British writers such as E. F. Benson and M. R. James mastered a more familiar form, the classic ghost story. It was not only English-speakers who sought to terrify their readers. The French writer Guy de Maupassant, a prolific short story writer and pupil of the acclaimed novelist Gustave Flaubert, found ways to make his protagonists doubt their own sanity as they faced terrors that would drive any ordinary man mad. This collection of bone-chilling tales comes from the pens of some of horror's most acclaimed writers. Authors include: E. F. Benson Ambrose Bierce Francis Marion Crawford W. W. Jacobs M. R. James William Hope Hodgson H. P. Lovecraft Guy de Maupassant Edgar Allan Poe Bram Stoker

The Oxford Book of Victorian Ghost Stories Dec 31 2020 The Victorians excelled at telling ghost stories. In an age of rapid scientific progress, the idea of a vindictive past able to reach out and violate the present held a special potential for terror. Throughout the nineteenth century, fictional ghost stories developed in parallel with the more general Victorian fascination with death and what lay beyond it. Though they were as much a part of the cultural and literary fabric of the age as imperial confidence, the best of the stories still retain their original power to surprise and unsettle. In Victorian Ghost Stories, the editors map out the development of the ghost story from 1850 to the early years of the twentieth century and demonstrate the importance of this form of short fiction in

Victorian popular culture. As well as reprinting stories by supernatural specialists such as J. S. Le Fanu and M. R. James, this selection emphasizes the key role played by women writers—including Elizabeth Gaskell, Rhoda Broughton, and Charlotte Riddell—and offers one or two genuine rarities. Other writers represented include Charles Dickens, Henry James, Wilkie Collins, Sir Arthur Conan Doyle, and R. L. Stevenson. There is also a fascinating Introduction and a chronological list of ghost story collections from 1850 to 1910.
