The author describes her quest to discover and remain true to her values as she makes the complicated journey of growing up as an autodidact--one who is self taught. Two sisters, one destiny . . . Lex and Livia are on the run. In *Time of the Twins*, Lex, an impulsive military cadet, and Livia, a pampered Aircress, have just found out they are twins, which is against the law in the great City of Indra. Now they are leaving behind the only world they have ever known: for Lex, it was the dark world of the Hub below the surface of Indra, where she survived the brutal Orphanage to become an elite member of Indra's Population Control Forces, and for Livia, it was a life of luxury on the sky island of Helix, where she was brought up to be a Proper Indrithian Young Woman. With help from the charming and handsome Kane, Lex's best friend and Livia's newfound love, and Zavier, a gruff rebel who would prefer to leave them all behind, they make the grueling trek through the dangerous underground tunnels toward the Outlands beyond the dome of Indra in search of the mother they thought was dead. When they finally reach the Outlanders' colony, they discover their mother holds the key to unlocking their past, and they must confront an ancient prophecy, "The Time of the Twins." The prophecy claims they are the long-awaited "twin saviors," destined to save the City of Indra from the oppressive High Council who have long reigned over all of its people. Will Lex and Livia agree to be a part of their mother's dangerous plan and take on the daunting role of the "twin saviors"? Will they trust their mother and put themselves in jeopardy to save countless lives? It's a responsibility they never asked for . . . but one that may prove impossible to ignore. With unforgettable characters, an action-packed pace, and the sparks of new romance, the Jenner sisters have created a page-turning, heart-stopping adventure that will leave you wanting more. From New York Times bestselling author Kendall Ryan comes a flirty new standalone about falling for your older brother's best friend. There's pretty much only one rule when you're a guy. Don't be a douche. Turns out, the fastest way to break that rule is to fall for your best friend's sister. Ava's brilliant, sharp-tongued, gorgeous, and five years younger than

me. She's the sexual equivalent of running with scissors. In a word, she's dangerous. And completely off-limits. Falling for her could ruin everything. Yet I can't seem to stop, even when her company is threatened by a lawsuit, and my promotion hinges on representing the opposing client—and winning. I can't see a way out of this mess that doesn't end in a broken friendship, a broken heart, or a ruined career. I may have broken the bro code when I fell for Ava. But do I have the balls to handle what comes next? A sweeping historical romance about a witch who foresees her own murder--and the one boy who can help change her future. Sixteen-year-old Avery Roe wants only to take her rightful place as the witch of Prince Island, making the charms that keep the island's whalers safe at sea, but her mother has forced her into a magic-free world of proper manners and respectability. When Avery dreams she's to be murdered, she knows time is running out to unlock her magic and save herself. Avery finds an unexpected ally in a tattooed harpoon boy named Tane--a sailor with magic of his own, who moves Avery in ways she never expected. Becoming a witch might stop her murder and save her island from ruin, but Avery discovers her magic requires a sacrifice she never prepared for. In *Working It*, New York Times bestselling author Kendall Ryan delivered a sexy and addictive contemporary romance about Emmy Clarke, a sweet southern girl out of her depth in New York City's cutthroat fashion industry, and Ben Shaw, the hot male model who introduced her to a world of pleasure. But their story is far from complete... Emmy Clarke is no quitter. Toughened by her experience working for fashion heavyweight Fiona Stone, Emmy has come a long way from her country girl roots, embracing her fast-paced and unpredictable life in New York City. Though that life comes with more than a few complications. First there's the mystery of Fiona's pregnancy, which may or may not involve Emmy's boyfriend, superstar male model Ben Shaw. Emmy has always known that Ben comes with more baggage than she can handle—and not the Louis Vuitton kind. Yet Ben is the only man who has ever loved Emmy for who she is, and she wants nothing more than to do the same for him, even if it means forgiving his past and overlooking their wildly different lifestyles. But when a shocking secret from Ben's past comes to light, unraveling all of their progress, Emmy must decide if their relationship is worth the fight, or if it's time to ignore her passion for him and let go. Teddy King excels at many things. Playing hockey. Check. Scoring on and off the ice. Check. Being stupidly attractive ... Double check. Despite his demanding schedule, he still finds time to annoy me. I knew him way back when. Before he was the guy everyone wanted a piece of, he was just a rebellious college co-ed and one of my more energetic study partners. But secrets have a way of getting out, and a steamy encounter from our college days (that we probably shouldn't have filmed) is about to cause a major scandal. Unless we can work

together to stop it. Teddy's no stranger to hard work ... but the thing he wants most? Is me. Note: This high-heat standalone is chock-full of scorching banter and steamy good times. He's a testosterone-dripping hockey player who wants a second chance. She's a tough as nails attorney intent on making partner. Frenemies to lovers. No cliffhanger. Enjoy! If a trail of broken hearts and a piss-poor record of failed relationships have taught me anything, it's this. My buddies are happy to give me shit about my latest breakup from here to next Sunday. Thanks, but I'd rather have a root canal. And a vasectomy. At the same time. Relief comes in an unlikely package—the gorgeous and feisty Maren. She just so happens to be my best friend's sister, so that's not awkward at all. But I'm a man on a mission, and Maren is down to teach me all the ways I've been failing as a boyfriend. Apparently, there are many. And it's all very informative—until I start to catch feelings. Now it's not just my reputation on the line, but my heart too. Complicated doesn't even begin to cover it. Note: This book was previously published with the title Hard to Love. It has been edited and modified from its original version. Friendships are supposed to last a lifetime, but there are some that come and go. However, the friendship between three lifelong girlfriends—Kendall Porter, Rachel Donovan, and Sasha Fairbanks—is put to the test when things begin to unravel. The trio became fast friends in high school which led to an unbreakable sisterhood bond. Unfortunately, after graduating college, the girls went their separate ways. Kendall put her degree to work and became the owner of a well-established A best-friends-to-lovers standalone romance from New York Times bestselling author Kendall Ryan. She says she needs some help ... in the bedroom. Come again? No, really come again. Sweet, nerdy, lovable Keaton. She's my best friend and has been for years. Sure she likes numbers and math, and thinks doing other people's taxes is fun. And I like ... none of that stuff. And so when she takes off her glasses and asks me to help her improve her skills in the bedroom, I barely have to think about it. Of course I'll help her. There's no one better for the job. I've been there for her through everything, why should this be any different? But what happens when

Greyson can't deny that he'd like his own private show, but there's not a chance in hell of that happening. SLOW & STEADY is the second in the Alphas Undone series, but can be read as a standalone novel. The first time we met was at a party. Your ex arrived to show off the person he'd left you for last month, and you asked me to pretend to be your date. I was more than happy to help. You were attractive, smart and witty--and that kiss we shared? It left me wanting you for days. The second time we met was in my office on campus where we were both surprised to discover you were the new master's degree student in poetry that I would be working with. You promised to be professional. I did no such thing. The late nights and intense study sessions spent alongside you majorly throw me off my game. I want you, and I fight with myself daily over this fact. I know I'm crass, that my sexual innuendos and dirty mouth annoy you, but I live for those two bright spots of color in your cheeks. If that's the only reaction I can get out of you, I'll gladly take it. You hate Mondays so every Monday I slip an anonymous poem into your bag and your smile gets me through the week.
