Every musical form has had an impact on the linguistic practices of our society. French song is a vector of cultural, social, and stylistic values. Throughout the world, songs in the French language are used in the teaching of French: professors incorporate songs into the curriculum in order to illustrate differences of register and linguistic variation, as well as to raise lexical or grammatical questions. As a form of popular expression, song is a genre that has, in recent years, become the focus of serious academic scholarship and criticism. However, few linguists have paid attention to French song and its linguistic uses. This richly illustrated mini-dictionary about French singers fills this gap by offering a collection of portraits of the greatest singers of the French language and how they have constructed the musical landscape in both France and the larger francophone community and the world as a whole. Through (re)discovering these classic and contemporary artists who contribute to the creation of the sonorous universe of the 20th and 21st centuries, the volume determines how these musical genres influence the French language and nourish our collective imagination. By plunging into francophone song, one can achieve a better understanding of the culture and the language of its speakers. Like many national cinemas, the French cinema has a rich tradition of film musicals beginning with the advent of sound to the present. This is the first book to chart the development of the French film musical. The French film musical is remarkable for its breadth and variety since the 1930s; although it flirts with the Hollywood musical in the 1930s and again in the 1950s, it has very distinctive forms rooted in the traditions of French chanson. Defining it broadly as films attracting audiences principally because of musical performances, often by well-known singers, Phil Powrie and Marie Cadalanu show how the genre absorbs two very different traditions with the advent of sound: European operetta and French chanson inflected by American jazz (1930-1950). As the genre matures, operetta develops into big-budget spectacles with popular tenors, and revue films also showcase major singers in this period (1940-1960). Both sub-genres collapse with the advent of rock n roll, leading to a period of experimentation during the New Wave (1960-1990). The contemporary period since 1995 renews the genre, returning nostalgically both to the genre's origins in the 1930s, and to the musicals of Jacques Demy, but also hybridising with other genres, such as the biopic and the documentary. Did you hear the one about the newlywed who rushes off for legal advice before the honeymoon is over? Or the husbands who arrange for an enormous tub in which to cure their sugary wives with a pinch of salt? How about a participatory processional toward marriage so sacrilegious that it puts Chaucer's pilgrimage to shame? And who could have imagined a medieval series of plays devoted to spouse-swapping? Jody Enders has heard and seen all this and more, and shares it in her second volume of performance-friendly translations of medieval French farces. Carefully culled from more than two hundred extant farces, and crafted with a wit and contemporary sensibility that make them playable half a millennium later, these dozen bawdy plays take on the hilariously depressing and depressingly hilarious state of holy wedlock. In fifteenth- and sixteenth-century comedy, love and marriage do not exactly go together like a horse and carriage. What with all the arranged matches of child brides to doddering geezers, the frustration, fear, anxiety, jealousy, disappointment, and despair are matched only by the eagerness with which everybody sings, dances, and cavorts in the pursuit of deception, trickery, and adultery. Easily recognizable stock characters come vividly to life, struggling to negotiate the limits of power, class, and gender, each embodying the distinctive blend of wit, social critique, and breathless boisterousness that is farce. Whether the antics play out on the fifteenth-century stage or the twenty-first-century screen, Enders notes, comedy revels in shining its brightest spotlight on the social and legal questions of what makes a family. Her volume defines and redefines love and marriage with a message that no passage of time can tear asunder: social change finds its start where comedy itself begins—at home. *L'intégrale des chansons de Bob Dylan, prix Nobel de littérature 2016, en édition bilingue, de Bob Dylan, son premier album enregistré en 1961, à Tempest (2012).* With a passion for languages and music, Edner Xavier looks into archeology, anthropology, science, and philosophy for the origins of sound, its influence on our lives, and its impact on our societies. Starting from a thirty-five-thousand-year-old sound, he goes on to evoke the memory and work of the composer J. S. Bach particularly and considers modern classical music and its future. In this essay, he also explores the importance and value of various profane and religious musical genres in order to show how they all can restore humanism and harmonize our planet. This companion is the first book of its kind to focus on the whole of European Romanticism. Describes the way in which the Romantic Movement swept across Europe in the early nineteenth century. Covers the national literatures of France, Germany, Italy, Poland, Russia and Spain. Addresses common themes that cross national borders, such as orientalism, Napoleon, night, nature, and the prestige of the fragment. Includes cross-disciplinary essays on literature and music, literature and painting, and the general system of Romantic arts. Features 35 essays in all, from leading scholars in America, Australia, Britain, France, Italy, and Switzerland. *Oubliez Woodstock. Oubliez Live Aid. Vous avez en mains le livre-événement de la musique populaire. Rien de moins! Après avoir planché en secret pendant des années sur une machine à explorer le temps, nous avons pu rassembler les plus grands artistes et philosophes de l'histoire, qui ont accepté de se joindre à la fête et de réfléchir ensemble sur les répercussions de la musique pop dans nos vies. Ce concert unique réunit sur la même scène Platon, Hume, Rousseau, Kant, Hegel, Nietzsche, Freud, Adorno, Deleuze, Debord, Charlie Parker, Frank Sinatra, Elvis Presley, les Beatles, The Clash, Lady Gaga, Claude Léveillé, Richard Séguin, Céline Dion, Malajube et tant d'autres. Bon concert!* Nationally syndicated columnist Rheta Grimsley Johnson's *Hank Hung the Moon* is more of a musical memoir than a biography: the author's evocative and personal stories of 1950s and '60s musical staples—elementary school rhythm bands, British Invasion rock concerts and tear-jerker movie musicals. It was a simpler time when Hank roamed the Earth; the book celebrates a world of 78 rpm records and 5-cent Cokes, with Hank providing the soundtrack and wisdom. A Cajun girl learns to understand English by listening to Hank on the radio. A Hank impersonator works by day at a prison but, by night, makes good use of his college degree in country music. Hank's lost daughter, Jett, devotes her life to embracing the father she never knew. Finally, stories you haven't heard a thousand times before about people who love Hank, some famous, most not. This lively little book uses Hank as metaphor for life. You'll tap your toe and demand an encore.
