Charles Dewey is dead. His beloved daughter, Alma May Dewey, runs Bon Marche. Under her firm control, the stud farms and racing string are even more successful that Charles could have hoped. But the 1850s are an unsettled time. Even the illustrious Deweys cannot ignore the debates over states' rights and slavery--especially when the stories are carried on the front pages of their own newspapers. The fires of the Civil War will reach even the pillared portico of Bon Marche. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied. How do you break through to impossible-to-reach executive buyers who are intent on blocking out the noise that confronts them every day? Internet-based information systems, the second covering the large-scale in- gration of heterogeneous computing systems and data resources with the aim of providing a global computing space. Each of these four conferences encourages researcher to treat their respective topics within a framework that incorporates jointly (a) theory, (b) conceptual design and development, and (c) applications, in particular case studies and industrial solutions. Following and expanding the model created in 2003, we again solicited and selected quality workshop proposals to complement the more "archival" nature of the main conferences with research results in a number of selected and more "avant-garde" areas related to the general topic of Web-based distributed computing. For instance, the so-called Semantic Web has given rise to several novel research areas combining linguistics, information systems technology, and artificial intelligence, such as the modeling of (legal) regulatory systems and the ubiquitous nature of their usage. We were glad to see that ten of our earlier successful workshops (ADI, CAMS, EI2N, SWWS, ORM, OnToContent, MONET, SEMELS, COMBEK, IWSSA) re-appeared in 2008 with a second, third or even fourth edition, sometimes by alliance with other newly emerging workshops, and that no fewer than three brand-new independent workshops could be selected from proposals and hosted: ISDE, ODIS and Beyond SAWSDL. Workshop attendees productively mingled with each other and with those of the main conferences, and there was considerable overlap in authors. Written by the authors of Strategic Selling, this is the revolutionary system for face-to-face selling that's used by America's best companies.
