The Iron Druid Chronicles Starter Pack 3-Book Bundle May 14 2022 With a sly blend of fantasy, humor, and paranormal adventure, Kevin Hearne is the trickster god of action-packed mash-ups. In The Iron Druid Chronicles, Atticus O'Sullivan is a folk hero for the twenty-first century, battling legendary beasts, shadowy mystics, and demonic demigods from around the world. Now get Hounded, Hexed, and Hammered all at once in this eBook bundle, a triple dose of mayhem straight out of Hearne's genre-smashing imagination. This ebook edition includes a special preview of Kevin Hearne's upcoming novel A Plague of Giants, as well as two bonus short stories set in the world of The Iron Druid Chronicles: "Clan Rathskeller" and the eBook exclusive "Kaibab Unbound." HOUNDED Atticus O'Sullivan, last of the Druids, lives peacefully in Tempe, Arizona, running an occult bookshop and shape-shifting in his spare time. A handsome, tattooed Irish dude, he looks like he's about twenty-one years old—actually, he's twenty-one centuries old and he wields a magical sword known as Fragarach, the Answerer. Unfortunately, a very angry Celtic god wants that sword, and now Atticus will need all his power—plus the help of a seductive goddess of death, his vampire and werewolf team of attorneys, and a sexy bartender possessed by a Hindu witch—to kick some Celtic arse and deliver himself from evil. HEXED Atticus doesn't care much for witches, but he's about to make nice with the local coven when suddenly the witch population in Tempe quadruples overnight. And the new girls are not just bad, they're badasses with a dark history on the German side of World War II. But with a fallen angel feasting on local students, a horde of Bacchants blowing in from Vegas, and a dangerously sexy Celtic goddess of fire vying for his attention, Atticus is having trouble scheduling the witch hunt. HAMMERED Thor, the Norse god of thunder, is a blowhard and a bully, and Viking vampire Leif Helgarson has asked his friend Atticus for help taking down this Norse nightmare. As a rule, Atticus generally tries to stay away from the guy with the lightning bolts. Soon, though, Atticus and Leif are off to the plane of Asgard, where they team up with a werewolf, a sorcerer, and an army of frost giants for an epic showdown against vicious Valkyries, angry gods, and the hammer-wielding Thunder Thug himself.

Binomials in English/Polish Company Registration Discourse Jan 18 2020 Edyta Wi?c?awska presents the structural and functional aspects of binomials in English/Polish company registration discourse. Phraseology in Legal and Institutional Settings Sep 18 2022 This volume presents a comprehensive and up-to-date overview of major developments in the study of how phraseology is used in a wide range of different legal and institutional contexts. This recent interest has been mainly sparked by the development of corpus linguistics research, which has both demonstrated the centrality of phraseological patterns in language and provided researchers with new and powerful analytical tools. However, there have been relatively few empirical studies of word combinations in the domain of law and in the many different contexts where legal discourse is used. This book seeks to address this gap by presenting some of the latest developments in the study of this linguistic phenomenon from corpus-based and interdisciplinary perspectives. The volume draws on current research in legal phraseology from a variety of perspectives: translation, comparative/contrastive studies, terminology, lexicography, discourse analysis and forensic linguistics. It contains contributions from leading experts in the field, focusing on a wide range of issues amply illustrated through in-depth corpus-informed analyses and case studies. Most contributions to this book are multilingual, featuring different legal systems and legal languages. The volume will be a valuable resource for linguists interested in phraseology as well as lawyers and legal scholars, translators, lexicographers, terminologists and students who wish to pursue research in the area.

Industrial Labor on the Margins of Capitalism May 02 2021 Bringing together ethnographic case studies of industrial labor from different parts of the world, Industrial Labor on the Margins of Capitalism explores the increasing casualization of workforces and the weakening power of organized labor. This division owes much to state policies and is reflected in local understandings of class. By exploring this relationship, these essays question the claim that neoliberal ideology has become the new ‘commonsense’ of our times and suggest various propositions about the conditions that create employment regimes based on flexible labor.

Lexical Bundles in Native and Non-native Scientific Writing Apr 13 2022 This book presents an investigation of lexical bundles in native and non-nativescientific writing in English, whose aim is to produce a frequency-derived, statistically- and qualitatively-refined list of the most pedagogically useful lexical bundles in scientific prose: one that can be sorted and filtered by frequency, key word, structure and function, and includes contextual information such as variations, authentic examples and usage notes. The first part of the volumediscusses the creation of this list based on a multimillion-word corpus of biomedical research writing and reveals the structure and functions of lexical bundles and their role in effective scientific communication. A comparative analysis of a non-native corpus highlights non-native scientists’ difficulties’ inemploying lexical bundles. The second part of the volume explores pedagogical applications and provides a series of teaching activities that illustrate how EAP teachers or materials designers can use the list of lexical bundles in their practice.

Now discover where it all started with the first three Cat Star Chronicles books. This bundle includes Slave, Warrior, and Rogue, each story a powerhouse of passion and suspense. Find out why Cheryl Brooks is a star of sizzling fantasy romance and lose yourself in the worlds of her rare and potent characters. Slave: He may be the last of a species whose sexual talents were the envy of the galaxy Cat is an enslaved warrior from a race with a feline gene that gives him awesome beauty, fearsome strength, and sensuality and sexual prowess unmatched by any other males in the universe. Even filthy, chained, and beaten, he gives off an aura of power and virility

and his feline gene gives him remarkable sensual powers. Jacinth has spent years pursuing her kidnapped sister from planet to planet. Now her quest leads her to a place where all the women are slaves. "Jack" needs a slave of her own—one who can masquerade as her master. Enmeshed in a tangle of deception, lust, and love, they must elude a race of violent killers and together forge a bond stronger than any chains. Warrior: Even near death, his sensuality is amazing... She has only one chance to tame him. Leo arrives on Tisana's doorstep a beaten slave from a near-extinct race with feline genes. As soon as Leo recovers his strength, he'll use his extraordinary sexual talents to bewitch Tisana and make a bolt for freedom... Tisana, whose healing powers are legendary, already knows Leo's the one who can help her fulfill her destiny... she can't let him get away now. Forced together on a dangerous journey, Tisana must reveal all of her powers, and Leo must give all of himself to gain his freedom... Rogue: No woman has ever tamed him before... Does she even stand a chance? Enslaved for years, Tychar belongs to the Queen of Darconia. His feline gene gives him remarkable sexual powers and every female on the planet is in love with him. Then, the Queen gives him to Kyra... Does she even stand a chance? Or will she be just another one of his conquests? Why would he choose the modest piano teacher? Yet the two are drawn to each other with a powerful, magnetic attraction unlike any he's felt before... Then the palace is attacked in a coup, and Tychar has to choose between freedom and love... Praise for Cheryl Brooks: "Hot, dangerous, and sexy."—Candace Havens, author of *Charmed & Deadly* "Ms. Brooks has a way of carrying the reader off into the stars... I highly recommend this entire series... it is action packed adventure that will draw the reader in and keep them turning the pages."—The Romance Studio "A series that has thoroughly captivated me."—Romance Junkies

Polin: Studies in Polish Jewry Volume 13 Apr 01 2021 The assessment of the Nazi genocide in Poland, an issue which has deeply divided Poles and Jews, lies at the core of this volume. Also included are discussions of Polish attitudes to the nearly 300,000 Jews who tried to resettle in post-war Poland; the little-known testimony of Belzec survivor Rudolf Reder; a discussion of Holocaust victims as martyrs; and a presentation of how the Auschwitz Museum sees its future.

Applications of Pattern-driven Methods in Corpus Linguistics Aug 17 2022 The use of corpora has conventionally been envisioned as being either corpus-based or corpus-driven. While the formal definition of the latter term has been widely accepted since it was established by Tognini-Bonelli (2001), it is often applied to studies that do not, in fact, fulfill the fundamental requirement of a theory-neutral starting point. This volume proposes the term pattern-driven as a more precise alternative. The chapters illustrate a variety of methods that fall under this broad methodology, such as the extraction of lexical bundles, POS-grams and semantic frames, and demonstrate how these approaches can uncover new understandings of both synchronic and diachronic linguistic phenomena.

Vocabulary Increase and Collocation Learning Nov 27 2020 This book highlights research that expands on our knowledge of second- language collocation acquisition. It presents original findings based on the largest collocation database to date, encompassing over 8,000 collocations: verb + noun, adjective + noun, and noun + noun. These collocations, collected from a one-million-learner corpus, were not confined to English as a foreign language (EFL) learners at a particular proficiency level, but also included learners at three levels. As such, the book provides a panoramic view regarding L2 collocation acquisition, not only in terms of learners' acquisition of different types of collocations, but in terms of the developmental patterns in L2 collocation learning. One major discovery is that there is a collocation lag as learners' proficiency levels rise, which is associated with vocabulary increase, in particular semantic domains—a remarkable insight for second-language acquisition researchers, English teachers and EFL learners alike. The findings reported shed new light on how collocations are acquired by EFL learners, offering guidance on how they can best be taught. In closing, the book discusses pedagogical aspects that arise from considering how learners can be helped with collocation learning.
