The genre of biblical commentary is as old as the Bible itself, and remains very much alive as a point of illuminating contact between the ancient text and its modern readers. In this volume, fourteen international Old Testament experts reflect upon multiple challenges of contemporary biblical commentary as a scholarly endeavor. How does a commentator strike a balance between engagement with the biblical text and the commentary tradition that the text has generated over the centuries? How does academically rigorous commentary-writing remain relevant for pastoral and lay readers of the Bible? Ancient biblical writers are notoriously diverse in their theological and literary nuances. Modern readers approach the Bible from an equally wide spectrum of interests. How does today's commentator act responsibly for all the text's stakeholders? John E. Hartley is widely respected for the multiple volumes he has produced with these questions in mind. This collection of essays appears in celebration of his accomplishments in the genre of Old Testament biblical commentary. The Cornerstone Biblical Commentary provides students, pastors, and laypeople with up-to-date, evangelical scholarship on the Old and New Testaments. It's designed to equip pastors and Christian leaders with

exegetical and theological knowledge to better understand and apply God's Word by presenting the message of each passage as well as an overview of other issues surrounding the text. - Publisher. John H. Walton and Victor H. Matthews provide an accessible passage-by-passage commentary on the archaeological and cultural background of the first five books of the Bible. CD-ROM contains: Introductions and verse-by-verse commentaries to Genesis and Mark's Gospel -- Logos Library System. The Biblical Theology for Christian Proclamation Commentary series explores the theology of the Bible in considerable depth, spanning both Testaments. Authors come from a variety of backgrounds and perspectives, though all affirm the inerrancy and inspiration of Scripture. United in their high view of Scripture, and in their belief in the underlying unity of Scripture, which is ultimately grounded in the unity of God himself, each author explores the contribution of a given book or group of books to the theology of Scripture as a whole. While conceived as stand-alone volumes, each volume thus also makes a contribution to the larger whole. All volumes provide a discussion of introductory matters, including the historical setting and the literary structure of a given book of Scripture. Also included is an exegetical treatment of all the relevant passages in succinct commentary-style format. The biblical theology approach of the series will also inform and play a role in the commentary proper. The commentator permits a discussion between the commentary proper and the biblical theology that it reflects by a series of cross-references. The major contribution of each volume, however, is a thorough discussion of the most important themes of the biblical book in relation to the canon as a whole. This format allows each contributor to ground Biblical Theology, as is proper, in an appropriate appraisal of the relevant historical and literary features of a particular book in Scripture while at the same time focusing on its major theological contribution to the entire Christian canon in the context of the larger salvation-historical metanarrative of Scripture. Within this overall format, there will be room for each individual contributor to explore the major themes of his or her particular corpus in the way he or she sees most appropriate for the material under consideration. This format, in itself, would already be a valuable contribution to Biblical Theology. But there are other series that try to accomplish a survey of the Bible's theology as well. What distinguishes the present series is its orientation toward Christian proclamation. This is the Biblical Theology for Christian Proclamation commentary series! As a result, the

ultimate purpose of this set of volumes is not exclusively, or even primarily, academic. Rather, we seek to relate Biblical Theology to our own lives and to the life of the church. Our desire is to equip those in Christian ministry who are called by God to preach and teach the precious truths of Scripture to their congregations, both in North America and in a global context. It is our hope and our prayer that the 40 volumes of this series, once completed, will bear witness to the unity in diversity of the canon of Scripture as they probe the individual contributions of each of its 66 books. The authors and editors are united in their desire that in so doing the series will magnify the name of Christ and bring glory to the triune God who revealed himself in Scripture so that everyone who calls on the name of the Lord will be saved—to the glory of God the Father and his Son, the Lord Jesus Christ, under the illumination of the Holy Spirit, and for the good of his church. To God alone be the glory: *solī Deo gloria*. In his volume on Hebrews, Thomas R. Schreiner says, "The words of Jesus on the cross, 'it is finished' (John 19:30) capture the theology of Hebrews." My aim in this commentary is to focus on the biblical theology of the letter. The emphasis on biblical theology shows up especially in the introduction and conclusion where theological structures and themes are considered. In the introduction I will examine four different structures that are woven into the entire letter: 1) promise/fulfillment; 2) eschatology; 3) typology; and 4) spatial orientation (which can also be described as the relationship between heaven and earth). As the only historical source available for the period of the Jewish return from the Babylonian exile and its aftermath, the books of Ezra and Nehemiah are crucial for those who would study not only the political, but also the religious and social history of the Old Testament. In this valuable addition to the Guides series, Williamson seeks to steer a clear path for the student, showing how an understanding of the way the books were put together from their constituent sources can elucidate both the historical problems of the period and the theological outlook of the writer. Paul's letters to Timothy and Titus provide all churches with much-needed direction. In this EBTC volume, Andreas J. Köstenberger captures the rich theological contributions of Paul's oft-overlooked letters to Timothy and Titus. Köstenberger highlights Paul's mature reflections on doctrine, the church's nature, mission, relationships, dynamics, and oversight, the Christian life, and the last days. Köstenberger analyzes these letters against the Old Testament and the rest of the New Testament, particularly Paul's other letters and Acts. The Evangelical Biblical Theology Commentary (EBTC) series

locates each biblical book within redemptive history and illuminates its unique theological contributions. All EBTC volumes feature informed exegetical treatment of the biblical book and thorough discussion of its most important theological themes in relation to the canon—all in a style that is useful and accessible to students of Scripture. This is a completely revised edition of Gold Medallion Award-winning Expositor's Bible Commentary. This revised commentary has undergone substantial revisions that keep pace with current evangelical scholarship and resources. Just as its previous edition, it offers a major contribution to the study and understanding of the Scriptures. Providing pastors and Bible students with a comprehensive and scholarly tool for the exposition of the Scriptures and the teaching and proclamation of the gospel, this ten-volume reference work has become a staple of seminary and college libraries and pastors' studies worldwide. Its fifty-six contributors—thirty of them are new—represent the best in evangelical scholarship committed to the divine inspiration, complete trustworthiness, and full authority of the Bible. As before, The Expositor's Bible Commentary features full NIV text, but also refers freely to other translations and to the original languages. In addition to its exposition, each book of the Bible has an introduction, outline, and an updated bibliography. Notes on textual questions and special problems are correlated with the expository units; transliteration and translation of Semitic and Greek words make the more technical notes accessible to readers unacquainted with the biblical languages. In matters where marked differences of opinion exist, commentators, while stating their own convictions, deal fairly and irenically with opposing views. The Word Biblical Commentary delivers the best in biblical scholarship, from the leading scholars of our day who share a commitment to Scripture as divine revelation. This series emphasizes a thorough analysis of textual, linguistic, structural, and theological evidence. The result is judicious and balanced insight into the meanings of the text in the framework of biblical theology. These widely acclaimed commentaries serve as exceptional resources for the professional theologian and instructor, the seminary or university student, the working minister, and everyone concerned with building theological understanding from a solid base of biblical scholarship.

A classic, one-volume commentary written with an uncompromising commitment to the inspiration, authority, and integrity of the Scriptures. "Ask anything in my name, I will do it." (John 14:14) Charles H. Spurgeon supplies daily deposits of God's promises into the reader's personal bank of faith. He urges the reader to view each Bible promise as a check written by God, which can be cashed by personally endorsing it and receiving the gift it represents! WBC series delivers the best in biblical scholarship, from the leading scholars who share a commitment to Scripture as divine revelation. It emphasizes a thorough analysis of textual, linguistic, structural, and theological evidence. The result is judicious and balanced insight into the meanings of the text in the framework of biblical theology. The Queer Bible Commentary brings together the work of several scholars and pastors known for their interest in the areas of gender, sexuality and Biblical studies. Rather than a verse-by-verse analysis, typical of more traditional commentaries, contributors to this volume focus specifically upon those portions of the book that have particular relevance for readers interested in lesbian, gay, bisexual and transgender issues such as the construction of gender and sexuality, the reification of heterosexuality, the question of

lesbian and gay ancestry within the Bible, the transgendered voices of the prophets, the use of the Bible in contemporary political, socio-economic and religious spheres and the impact upon lesbian, gay, bisexual and transgender communities. Accordingly, the commentary raises new questions and re-directs more traditional questions in fresh and innovative ways, offering new angles of approach. This comprehensive, cutting-edge commentary is prefaced by an introductory essay by Professor Mary Tolbert. Contributors draw on feminist, queer, deconstructionist, utopian theories, the social sciences and historical-critical discourses. The focus is both how reading from lesbian, gay, bisexual and/or transgender perspectives affect the reading and interpretation of biblical texts and how biblical texts have and do affect lesbian, gay, bisexual and/or transgender communities. The commentary includes an extensive bibliography that directs the reader to a full range of literature relating to queer interpretation of scripture. 2ND COPY AVAILABLE FOR LOAN.
