Pixar Animation Studio's 13th animated feature film, Disney/Pixar *Brave*, is an epic adventure set in the rugged and mysterious Highlands of Scotland. Determined to carve her own path in life, a skilled archer named Princess Merida defies a sacred age-old custom—and inadvertently unleashes a beastly curse upon the kingdom. To set things right, Merida embarks on a perilous quest and discovers the meaning of true bravery. Kids ages 4-6 will love learning to read with this Step 1 reader based on the film. This Little Grasshopper Book presents charming retellings of traditional fairy tales, as well as Mother Goose rhymes that will engage children. From toddlers who listen to the stories read by a caregiver to each story's app, to older kids on the road to reading. Whimsical illustrations bring to life the stories of Thumbelina, The Ugly Duckling, Puss in Boots, Goldilocks and the Three Bears, The Frog Prince, and Jack and the Beanstalk. The child can hear each story read aloud, see the words of the story changing color on screen as they are read, hear fun sound effects that enhance the story, and play interactive learning games based on the story. For an extra layer of interactive learning and fun, the stories are paired with digital content. Parents can download the Little Grasshopper Library app to a smartphone or tablet, iPhone or Android, and then access the app for content for each story. 160 pages

In 2005, Joel Greenblatt published a book that is

already considered one of the classics of finance literature. In *The Little Book that Beats the Market*—a New York Times bestseller with 300,000 copies in print—Greenblatt explained how investors can outperform the popular market averages by simply and systematically applying a formula that seeks out good businesses when they are available at bargain prices. Now, with a new Introduction and Afterword for 2010, *The Little Book that Still Beats the Market* updates and expands upon the research findings from the original book. Included are data and analysis covering the recent financial crisis and model performance through the end of 2009. In a straightforward and accessible style, the book explores the basic principles of successful stock market investing and then reveals the author's time-tested formula that makes buying above average companies at below average prices automatic. Though the formula has been extensively tested and is a breakthrough in the academic and professional world, Greenblatt explains it using 6th grade math, plain language and humor. He shows how to use his method to beat both the market and professional managers by a wide margin. You'll also learn why success eludes almost all individual and professional investors, and why the formula will continue to work even after everyone "knows" it. While the formula may be simple, understanding why the formula works is the true key to success for investors. The

book will take readers on a step-by-step journey so that they can learn the principles of value investing in a way that will provide them with a long term strategy that they can understand and stick with through both good and bad periods for the stock market. As the Wall Street Journal stated about the original edition, "Mr. Greenblatt...says his goal was to provide advice that, while sophisticated, could be understood and followed by his five children, ages 6 to 15. They are in luck. His 'Little Book' is one of the best, clearest guides to value investing out there." Elegant and stunningly illustrated, this monograph chronicles the life of one of history's most influential couturiers; Coco Chanel. She started a fashion revolution with her liberating inventions in sportswear and jersey, iconic suit, and little black dress. The Little Book of Chanel follows the great designer's evolution and innovation, from her impoverished childhood to her present-day legacy. With its detailed photographs of Chanel's designs, fashion photography, and catwalk shots, this is a fitting tribute to a legend. Just when you thought it was safe to read an early reader . . . SHARK! This fun Step 1 book about two sharks is a study in opposites. Big Shark has big teeth; Little Shark has little teeth. Big Shark swims fast; Little Shark swims slow. But they are both hungry! Will they each succeed in finding a tasty snack? Little Shark is hoping that he won't become fast food for Big

Shark! Step 1 Readers feature big type and easy words for children who know the alphabet and are eager to begin reading. Rhyme and rhythmic text paired with picture clues help children decode the story. Meet Oscar the shaggy little pony. Brother and Sister care for Oscar in return for riding lessons. Before long, Oscar and the cubs are ready to enter the local riding show! NATIONAL BESTSELLER • A stunning “portrait of the enduring grace of friendship” (NPR) about the families we are born into, and those that we make for ourselves. A masterful depiction of love in the twenty-first century. NATIONAL BOOK AWARD FINALIST • MAN BOOKER PRIZE FINALIST • WINNER OF THE KIRKUS PRIZE A Little Life follows four college classmates—broke, adrift, and buoyed only by their friendship and ambition—as they move to New York in search of fame and fortune. While their relationships, which are tinged by addiction, success, and pride, deepen over the decades, the men are held together by their devotion to the brilliant, enigmatic Jude, a man scarred by an unspeakable childhood trauma. A hymn to brotherly bonds and a masterful depiction of love in the twenty-first century, Hanya Yanagihara’s stunning novel is about the families we are born into, and those that we make for ourselves. Look for Hanya Yanagihara’s bestselling new novel, To Paradise, available now. Lays out strategies for harnessing

one's creativity for greater success, drawing on the wisdom of more than two hundred creative thinkers, including Steve Jobs and Chris Rock. New York Times Bestseller Embrace Hygge (pronounced hoo-ga) and become happier with this definitive guide to the Danish philosophy of comfort, togetherness, and well-being. Why are Danes the happiest people in the world? The answer, says Meik Wiking, CEO of the Happiness Research Institute in Copenhagen, is Hygge. Loosely translated, Hygge—pronounced Hoo-ga—is a sense of comfort, togetherness, and well-being. "Hygge is about an atmosphere and an experience," Wiking explains. "It is about being with the people we love. A feeling of home. A feeling that we are safe." Hygge is the sensation you get when you're cuddled up on a sofa, in cozy socks under a soft throw, during a storm. It's that feeling when you're sharing comfort food and easy conversation with loved ones at a candlelit table. It is the warmth of morning light shining just right on a crisp blue-sky day. The Little Book of Hygge introduces you to this cornerstone of Danish life, and offers advice and ideas on incorporating it into your own life, such as: Get comfy. Take a break. Be here now. Turn off the phones. Turn down the lights. Bring out the candles. Build relationships. Spend time with your tribe. Give yourself a break from the demands of healthy living. Cake is most definitely Hygge. Live life today, like there is no coffee tomorrow. From picking the right

lighting to organizing a Hygge get-together to dressing hygge, Wiking shows you how to experience more joy and contentment the Danish way. "It's hard to talk clearly about investing and make sense to ordinary readers at the same time. Katsenelson gives a lucid explanation of today's markets with sound advice about how to make money while avoiding the traps that the market sets for exuberant bulls and frightened bears alike." — Thomas G. Donlan, Barron's "A thoroughly enjoyable read. Provides a clear framework for equity investing in today's 'sideways' and volatile markets useful to everyone. Clear thinking and clear writing are not often paired - well done!" — Dick Weil, CEO, Janus Capital Group "The bible for how to invest in the most tumultuous financial market environment since the Great Depression. A true guidebook for how to build wealth prudently." — David Rosenberg, Chief Economist & Strategist, Gluskin Sheff + Associates Inc. "A wonderful, grounded read for new and seasoned investors alike, Katsenelson explains in plain English why volatility and sideways markets are a stock picker's best friend." — The Motley Fool, www.Fool.com Praise for Active Value Investing "This book reads like a conversation with Vitaliy: deep, insightful, inquisitive, and civilized." — Nassim Nicholas Taleb, author of *The Black Swan* "Thoroughly enjoyable . . . for the thoughtful and often entertaining way in which it is delivered. . .

Katsenelson takes his reader step by step into the mind of the value investor by relating, in a fictional addendum to *Fiddler on the Roof*, the story of Tevye's purchase of Golde, the cow. He also describes his own big-time gambling evening (he was willing to lose a maximum of \$40) and that of a half-drunken, rowdy fellow blackjack player to stress the importance of process. He then moves on to the fundamental principles of active value investing. What differentiates this book from so many others on value investing is that it describes, sometimes through the use of case studies, the thinking of a value investor. Not just his models or his metrics but his assessments. Katsenelson is an empiricist who weighs facts, looks for contraindications, and makes decisions. He makes value investing come alive. This may be a little book, but it's packed with insights for both novices and experienced investors. And it is a delight to read." —Seeking Alpha

Travel to Twoland where two friends can be double the fun fun!! Spend some time with Little Bear and Mother Bear as they wait for Father Bear to return home. Young readers will enjoy completing these fun activities and lessons based on these delightful short stories about family. READER REVIEW 'I laughed and cried all the way through, I couldn't put it down!' 5*****

READER REVIEW _____ Sarah is doing just fine. Sure, she's been single for the last five years, and has to spend an uncomfortable amount of time around her ex-boyfriend, his perfect new girlfriend and all their mutual friends. And yes, her job as a PA to one of the most disgusting men in London is mind-numbingly tedious and her career is a constant disappointment to her mother. But it's really okay. She's happy (ish). So it's not surprising that when

Sarah starts dreaming about a handsome stranger, she begins to look forward to falling asleep every night. Reality isn't nearly as exciting. That is until her dream-stranger makes an unexpected real-life appearance, leaving Sarah questioning everything she thought she wanted. Because no one ever really finds the person of their dreams . . . do they? _____

'Saucy, fun and full of heart. This is Giovanna's most accomplished novel yet! This book ticked every one of our must have boxes' Heat 'Tons of charm and genuine warmth' Star I know some Big Words. I'll teach them to you. Although you are small, you can use Big Words too. Big Words aren't scary. They're big fun to learn. I was taught once and now it's your turn. The eighth hilarious picture book by the #1 New York Times bestselling team of Jamie Lee Curtis and Laura Cornell helps little people communicate in a big person's world. With grown-up words like cooperate, respect, patience and considerate, a big, boisterous and zany family celebrates the power of language and discovers that words—big or little—are the bridge that connects us all. The best-selling investing "bible" offers new information, new insights, and new perspectives The Little Book of Common Sense Investing is the classic guide to getting smart about the market. Legendary mutual fund pioneer John C. Bogle reveals his key to getting more out of investing: low-cost index funds. Bogle describes the simplest and most effective

investment strategy for building wealth over the long term: buy and hold, at very low cost, a mutual fund that tracks a broad stock market Index such as the S&P 500. While the stock market has tumbled and then soared since the first edition of Little Book of Common Sense was published in April 2007, Bogle's investment principles have endured and served investors well. This tenth anniversary edition includes updated data and new information but maintains the same long-term perspective as in its predecessor. Bogle has also added two new chapters designed to provide further guidance to investors: one on asset allocation, the other on retirement investing. A portfolio focused on index funds is the only investment that effectively guarantees your fair share of stock market returns. This strategy is favored by Warren Buffett, who said this about Bogle: "If a statue is ever erected to honor the person who has done the most for American investors, the hands-down choice should be Jack Bogle. For decades, Jack has urged investors to invest in ultra-low-cost index funds. . . . Today, however, he has the satisfaction of knowing that he helped millions of investors realize far better returns on their savings than they otherwise would have earned. He is a hero to them and to me." Bogle shows you how to make index investing work for you and help you achieve your financial goals, and finds support from some of the world's best financial

minds: not only Warren Buffett, but Benjamin Graham, Paul Samuelson, Burton Malkiel, Yale's David Swensen, Cliff Asness of AQR, and many others. This new edition of *The Little Book of Common Sense Investing* offers you the same solid strategy as its predecessor for building your financial future. Build a broadly diversified, low-cost portfolio without the risks of individual stocks, manager selection, or sector rotation. Forget the fads and marketing hype, and focus on what works in the real world. Understand that stock returns are generated by three sources (dividend yield, earnings growth, and change in market valuation) in order to establish rational expectations for stock returns over the coming decade. Recognize that in the long run, business reality trumps market expectations. Learn how to harness the magic of compounding returns while avoiding the tyranny of compounding costs. While index investing allows you to sit back and let the market do the work for you, too many investors trade frantically, turning a winner's game into a loser's game. *The Little Book of Common Sense Investing* is a solid guidebook to your financial future. *THE MARCH SISTERS* is a graphic novel interpretation of the classic novel *LITTLE WOMEN* by Louisa May Alcott. It introduces the four sisters, Meg, Jo, Beth, and Amy, and the struggles they face in Civil War-era New England. The third book in Laura Ingalls Wilder's treasured

Little House series—now available as an ebook! This digital version features Garth Williams's classic illustrations, which appear in vibrant full color on a full-color device and in rich black-and-white on all other devices. The adventures continue for Laura Ingalls and her family as they leave their little house in the Big Woods of Wisconsin and set out for the big skies of the Kansas Territory. They travel for many days in their covered wagon until they find the best spot to build their house. Soon they are planting and plowing, hunting wild ducks and turkeys, and gathering grass for their cows. Just when they begin to feel settled, they are caught in the middle of a dangerous conflict. The nine Little House books are inspired by Laura's own childhood and have been cherished by generations of readers as both a unique glimpse into America's frontier history and as heartwarming, unforgettable stories.

Little Book of Yves Saint Laurent is the pocket-sized and exquisitely illustrated story of 60 years of innovative fashion design. An enigmatic, daring and astonishingly creative designer, Yves Saint Laurent is credited with the elevation of haute couture to fine art, turning the fashion show into a spectacle of breathtaking proportions, and revolutionizing the gendered norms of womenswear. Describing Saint Laurent's beginnings in Algeria as a precocious boy making miniature garments from fabric scraps, Little Book of Yves Saint Laurent depicts the designer's

ascent from fashion student to the right-hand of Christian Dior. Going on to found his own fashion house in 1961, Saint Laurent created his famous "le smoking" trouser suit, brought the leather jacket to the mainstream and astounded the fashion world with his blend of elegance and artistic drama. Little Book of Yves Saint Laurent documents the talent of a visionary creative in a perfect gift for any lover of fashion. THE LITTLE WAY OF RUTHIE LEMING follows Rod Dreher, a Philadelphia journalist, back to his hometown of St. Francisville, Louisiana (pop. 1,700) in the wake of his younger sister Ruthie's death. When she was diagnosed at age 40 with a virulent form of cancer in 2010, Dreher was moved by the way the community he had left behind rallied around his dying sister, a schoolteacher. He was also struck by the grace and courage with which his sister dealt with the disease that eventually took her life. In Louisiana for Ruthie's funeral in the fall of 2011, Dreher began to wonder whether the ordinary life Ruthie led in their country town was in fact a path of hidden grandeur, even spiritual greatness, concealed within the modest life of a mother and teacher. In order to explore this revelation, Dreher and his wife decided to leave Philadelphia, move home to help with family responsibilities and have their three children grow up amidst the rituals that had defined his family for five generations-Mardi Gras, L.S.U. football games, and deer hunting. As

David Brooks poignantly described Dreher's journey homeward in a recent New York Times column, Dreher and his wife Julie "decided to accept the limitations of small-town life in exchange for the privilege of being part of a community." Too many Christians have become hesitant to study this book of the Bible because of the confusion that surrounds it. But as an experienced pastor, Dan Boone affirms that any child of God can read and understand the truth of Revelation... This Little Black Book is your companion for Lent. It's an old-fashioned "vade mecum" (pronounced vahday maykum). That's Latin for "travel with me" and was used to describe a book that was a constant companion – perhaps a condensed book of prayers for traveling priests, or a handbook for quick reference – something you could take with you anywhere.

There was a little fur family warm as toast smaller than most in little fur coats and they lived in a warm wooden tree. A collection of designs showing ancient mythologies of Hinduism. Little Critter is on his way to the dentist. It's a thorough check-up, complete with dental x-rays. When Dr. Ghum insists on filling a cavity, Little Critter goes through it bravely. The visit is painless to the reader because of Little Critter's way of look at things - including the world of dentistry. This classic Little Golden books collection that's all about mom is the perfect gift for Mother's Day! A mini-treasury featuring three Little Golden books all

about moms! This unique collection of mommy-themed Little Golden Books is a loving tribute to mothers. Classics, such as *Baby Dear*, *We Help Mommy*, and *Mommies: All About the Work They Do*, are all here. Featuring classic art and text, as well as a beautiful gold spine. The classic story by E. B. White, author of the Newbery Honor Book *Charlotte's Web* and *The Trumpet of the Swan*, about one small mouse on a very big adventure. Now available as an ebook! Illustrations in this ebook appear in vibrant full color on a full-color device and in rich black-and-white on all other devices. Stuart Little is no ordinary mouse. Born to a family of humans, he lives in New York City with his parents, his older brother George, and Snowbell the cat. Though he's shy and thoughtful, he's also a true lover of adventure. Stuart's greatest adventure comes when his best friend, a beautiful little bird named Margalo, disappears from her nest. Determined to track her down, Stuart ventures away from home for the very first time in his life. He finds adventure aplenty. But will he find his friend? Stuart Little joins E. B. White favorites *Charlotte's Web* and *The Trumpet of the Swan* as classic illustrated novels that continue to speak to today's readers. Whether you curl up with your young reader to share these books or hand them off for independent reading, you are helping to create what are likely to be all-time favorite reading memories. A detailed

guide to overcoming the most frequently encountered psychological pitfalls of investing Bias, emotion, and overconfidence are just three of the many behavioral traits that can lead investors to lose money or achieve lower returns. Behavioral finance, which recognizes that there is a psychological element to all investor decision-making, can help you overcome this obstacle. In *The Little Book of Behavioral Investing*, expert James Montier takes you through some of the most important behavioral challenges faced by investors. Montier reveals the most common psychological barriers, clearly showing how emotion, overconfidence, and a multitude of other behavioral traits, can affect investment decision-making. Offers time-tested ways to identify and avoid the pitfalls of investor bias Author James Montier is one of the world's foremost behavioral analysts Discusses how to learn from our investment mistakes instead of repeating them Explores the behavioral principles that will allow you to maintain a successful investment portfolio Written in a straightforward and accessible style, *The Little Book of Behavioral Investing* will enable you to identify and eliminate behavioral traits that can hinder your investment endeavors and show you how to go about achieving superior returns in the process. Praise for *The Little Book Of Behavioral Investing* "The Little Book of Behavioral Investing is an important book for

anyone who is interested in understanding the ways that human nature and financial markets interact." —Dan Ariely, James B. Duke Professor of Behavioral Economics, Duke University, and author of *Predictably Irrational* "In investing, success means being on the right side of most trades. No book provides a better starting point toward that goal than this one." —Bruce Greenwald, Robert Heilbrunn Professor of Finance and Asset Management, Columbia Business School "'Know thyself.' Overcoming human instinct is key to becoming a better investor. You would be irrational if you did not read this book." —Edward Bonham-Carter, Chief Executive and Chief Investment Officer, Jupiter Asset Management "There is not an investor anywhere who wouldn't profit from reading this book." —Jeff Hochman, Director of Technical Strategy, Fidelity Investment Services Limited "James Montier gives us a very accessible version of why we as investors are so predictably irrational, and a guide to help us channel our 'Inner Spock' to make better investment decisions. Bravo!" —John Mauldin, President, Millennium Wave Investments This clearly articulated statement offers a hopeful and workable approach to conflict—that eternally beleaguering human situation. John Paul Lederach is internationally recognized for his breakthrough thinking and action related to conflict on all levels—person-to-person, factions within

communities, warring nations. He explores why "conflict transformation" is more appropriate than "conflict resolution" or "management." But he refuses to be drawn into impractical idealism. Conflict Transformation is an idea with a deep reach. Its practice, says Lederach, requires "both solutions and social change." It asks not simply "How do we end something not desired?", but "How do we end something destructive and build something desired?" How do we deal with the immediate crisis, as well as the long-term situation? What disciplines make such thinking and practices possible? A title in The Little Books of Justice and Peacebuilding Series. I don't want you. You mean nothing to me. I never loved you. I turned my words into swords. And I cut her down. Shoved the blade in and watched her fall. I said I'd never hurt her and I did. Years later I'm faced with all the little lies, the untruths, the false realities, the damage I inflicted when all I wanted was to indulge in my obsession. Lavender Waters is the princess in the tower. Even her name is the thing fairy tales are made of. I used to be the one who saved her. Over and over again. But I don't want to save her anymore. I just want to pretend the lies are still the truth. *Little Lies is a 105k standalone new adult romance. #1 New York Times bestseller James Dean turns it up in Pete the Cat's cool adaptation of the classic children's song "Five Little Ducks." Five little ducks went out to

play, with one cool cat leading the way. Sing along with Pete the Cat in his groovy adaptation. Fans of Pete the cat will love rocking out to this classic tune with a groovy twist in this low-price hardcover picture book.

She tried to forget the horrors of war--but her quiet hometown conceals a litany of new evils. Sergeant Camille Waresch did everything she could to forget Iraq. She went home to Eastern Washington and got a quiet job. She connected with her daughter, Sophie, whom she had left as a baby. She got sober. But the ghosts of her past were never far behind. While conducting a routine property tax inspection on an isolated ranch, Camille discovers a teenager's tortured corpse hanging in a dilapidated outbuilding. In a flash, her combat-related PTSD resurges--and in her dreams, the hanging boy merges with a young soldier whose eerily similar death still haunts her. The case hits home when Sophie reveals that the victim was her ex-boyfriend--and as Camille investigates, she uncovers a tangled trail that leads to his jealous younger brother and her own daughter, wild, defiant, and ensnared. The closer Camille gets to the truth, the closer she is driven to the edge. Her home is broken into. Her truck is blown up. Evidence and witnesses she remembers clearly are erased. And when Sophie disappears, Camille's hunt for justice becomes a hunt for her child. At a remote compound where the terrifying truth is finally

revealed, Camille has one last chance to save her daughter--and redeem her own shattered soul. A comprehensive guide to small-space secrets and real-life solutions for living in 1,200 square feet or less. The Little Book of Living Small shows readers how to make the most of limited square footage—with grace and style—and serves as the cheerleader readers need to help themselves feel satisfied and proud of their choice to live with less. In addition to exploring both the motivation behind choosing to live in a small space, as well as the practical, everyday advice for managing a tight footprint, The Little Book of Living Small also includes case studies: 12 style-savvy, small-space dwellers open their doors and share their design secrets. Author Laura Fenton covers a range of homes including studio apartments, one- and two-bedroom houses, a tiny house, a co-living space, and even whole houses. Stylistically these homes range from urban, rural, minimalist, and country, with the unifying thread that they are all real homes of less than 1,200 square feet that offer clever solutions that readers can use in their own homes. Laura Fenton is the lifestyle director at Parents magazine. With more than fifteen years of experience, her work has appeared in major publications including Better Homes & Gardens, Country Living, Good Housekeeping, and on leading home websites including Remodelista.com,

HGTV.com, ElleDecor.com, HouseBeautiful.com, Refinery29, and elsewhere. Through her writing she has explored the topic of living small for more than a decade. She lives small with her husband, a photographer, and their son in Jackson Heights, Queens, in New York. One bright spring day a little white rabbit sets out from home on an adventure. What does he find? Look! Everything is new. Anything is possible. . . . Famous for his nostalgic poems invoking the people and places of rural Indiana, James Whitcomb Riley (1849–1916) earned himself the nickname "the Hoosier poet." His verse also earned him election to the American Academy of Arts and Letters, the gold medal of the National Institute of Arts and Letters, and several honorary degrees. This volume contains a rich selection of his best and most familiar poems — filled with the warmth, humor, and picturesque Hoosier dialect that made Riley one of the most beloved American poets. Included are "The Old Swimmin'-Hole," "The Raggedy Man," "When the Frost Is on the Punkin," "Little Orphant Annie," "An Old Sweetheart of Mine," and many more. Join the happiness revolution! The author of the New York Times bestseller *The Little Book of Hygge* offers more inspiration and suggestions for achieving greater happiness, by practicing Lykke (LOO-ka)—pursuing and finding the good that exists in the world around us every day. While the Danes are the

happiest people on the planet, happiness isn't exclusively Danish; cultures around the world have their own unique approaches to leading a contented, fulfilled life. For his work at the Happiness Research Institute in Copenhagen, Meik Wiking travels the globe from Dubai to Finland, Rio de Janeiro to Bhutan, South Korea to the United States, to discover the secrets of the very happiest people. In *The Little Book of Lykke*, Meik identifies the six factors that explain the majority of differences in happiness across the world—togetherness, money, health, freedom, trust, and kindness—and explores what actions we can take to become happier. As he reveals, we can deepen our blissfulness and contentment with little adjustments in our behavior, whether it's eating like the French (sitting around a table and savoring our time) or dancing the tango like Argentinians in Buenos Aires. With his trademark warmth and wit, Meik explores the happiness gap for parents, how much money you really need to buy happiness, how we can be healthier without having to go to the gym, how we can learn to build trust and collaboration, how we can help ourselves by helping others, and why our expectations often outweigh our reality. Weaving together original research and personal anecdotes, *The Little Book of Lykke* is a global roadmap for joy that offers a new approach to achieving everyday happiness that not only improve

our own lives, but help us build better communities and a better world. The stories in this book are drawn from the dozens that Douglas-Klotz has enjoyed telling in his seminars over the past 20 years. Most of them appear in works of the classical Sufis, such as Rumi, Attar, or S'adi. To preserve some of the in-person feeling and bring the language up to date, he has given them his own improvised turns. "If you want to hear a good story but prefer to read it instead, then read Douglas-Klotz! He writes as if he's sitting in your living room, invited over for afternoon tea to entertain you with some heart-pleasing, often humorous, yet soul-searching Sufi stories. His modernization of these old texts is gentle and mindful, yet unapologetic." —Maryam Mafi from the Foreword

In this quick and vibrant little book, Kelly Kopic presents the nature, method and manners of theological study for newcomers to the field. He emphasizes that theology is more than a school of thought about God, but an endeavor that affects who we are. "Theology is about life," writes Kopic. "It is not a conversation our souls can afford to avoid." A manual for building a faster brain and a better you!

The Little Book of Talent is an easy-to-use handbook of scientifically proven, field-tested methods to improve skills—your skills, your kids' skills, your organization's skills—in sports, music, art, math, and business. The product of five years of reporting

from the world's greatest talent hotbeds and interviews with successful master coaches, it distills the daunting complexity of skill development into 52 clear, concise directives. Whether you're age 10 or 100, whether you're on the sports field or the stage, in the classroom or the corner office, this is an essential guide for anyone who ever asked, "How do I get better?" Praise for The Little Book of Talent

"The Little Book of Talent should be given to every graduate at commencement, every new parent in a delivery room, every executive on the first day of work. It is a guidebook—beautiful in its simplicity and backed by hard science—for nurturing excellence."—Charles Duhigg, bestselling author of The Power of Habit

"It's so juvenile to throw around hyperbolic terms such as 'life-changing,' but there's no other way to describe The Little Book of Talent. I was avidly trying new things within the first half hour of reading it and haven't stopped since. Brilliant. And yes: life-changing."—Tom Peters, co-author of In Search of Excellence
