Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience). The Subtle Art of Not Giving a F*ck: A Counterintuitive Approach to Living a Good Life by Mark Manson In the book "The Subtle Art of Not Giving A F*ck", Mark Manson follows the road not taken by presenting a set of seemingly weird tactics to living a good life. His ultimate proposition is that people need to start caring less about everything. Instead, the key to living a good life is in individuals knowing what matters to them and not wasting energy stressing over every little thing. He then proceeds to educate us on how to move forward by going backwards. Manson strongly believes that the endless pursuit of a flawless life, fueled by today's picture-perfect social media standards, is responsible for many of the psychological illnesses that have become rampant. The book culminates in a conclusion that we need to look beyond ourselves, drop the entitled airs, and embrace the ugliness and uncertainties before we can live better lives. This book contains a comprehensive, well detailed summary and key takeaways of the original book by Mark Manson. It summarizes the book in detail, to help people effectively understand, articulate and imbibe the original work by Mark. This brief overview of The Subtle Art of Not Giving a F*ck tells you what you need to know—before or after you read Mark Manson’s book. Crafted and edited with care, Worth Books set the standard for quality and give you the tools you need to be a well-informed reader. This short summary and analysis of The Subtle Art of Not Giving a F*ck by Mark Manson includes: Historical context Chapter-by-chapter summaries Important quotes Fascinating trivia Supporting material to enhance your understanding of the original work About The Subtle Art of Not Giving a F*ck by Mark Manson: In his tender but tough take on the self-help genre, popular blogger and accidental life coach Mark Manson makes a convincing case for caring less to achieve more. The Subtle Art of Not Giving a F*ck offers deeply insightful—and occasionally profane—advice by cutting through the crap and offering the honest, raw truth. Manson’s program for self-improvement insists that by not being positive all the time, we can accept our limitations, embrace our fears, and live a grounded, truthful, and happy life. The summary and analysis in this ebook are intended to complement your reading experience and bring you closer to a great work of nonfiction. Today—as repeated attempts to "fix ourselves and our lives" fail—many of us face unprecedented fears about the future, struggle with unspeakable life tragedies, and sink under the belief that certain lives do not matter in our society. Others confront our epidemic of anxiety with fierce resistance, or "the fight to be right," criticizing anyone and everyone just to end up stuck. In the face of such pervasive human suffering, New York Times best-selling author and legendary life coach Iyanla Vanzant challenges us: What if it’s not them—what if it’s you? What if you need to "get over it"—and get over yourself? Because no matter how much we would like to blame people and circumstances beyond our control, the truth is staggeringly simple: anything and everything we experience is a function of what and how we think. In Get Over It! Iyanla offers a unique spiritual

technology called "thought therapy," a process that harnesses proven spiritual tools with the science of neuroplasticity. The 42 prayers and affirmations, and complementary energy-clearing tools at the heart of the thought therapy process are designed to neutralize and eliminate the unconscious, unproductive, soul-destroying dominant negative thought patterns (DNTPs) and discordant emotional energies, allowing you to get to the root cause of your personal suffering, and make life-affirming choices. If you're ready to break free of your ego's resistance and willing to face yourself, willing to change, and willing to heal and grow—then now's the time to Get Over It! The Art Of Not Giving A Shit... YES, you are correct; it does admittedly sound as if you're being selfish. But if you don't put yourself on a pedestal and focus on what matters most to you, who will? SERIOUSLY...Don't you think it's time to get what YOU deserve? WHAT ARE YOU DOING WITH YOUR LIFE?J. KRISHNAMURTI TEACHINGS FOR TEENS, edited by Dale Carlson. Teens learn to understand the self, the purpose of life, work, education, relationships. Through paying attention rather than accepting the authority of their conditioning, they can find out for themselves about love, sex, marriage, work, education, the meaning of life and how to change themselves and the world. The Dalai Lama calls Krishnamurti "One of the greatest thinkers of the age." A brilliant, hilarious homage to The Life-Changing Magic of Tidying Up, showing how to shed your mental clutter for good. Aimed at overachieving but dissatisfied people everywhere. Sarah's inspirational two-step "NotSorry" program shows how unleashing the power of not giving a fuck will help you shed unwanted guilt and obligations to redirect time, energy, and enthusiasm to your true priorities. Sarah reveals why giving a fuck about what other people think is your worst enemy-and how to stop doing it; how to sort your fucks into four essential categories; simple criteria for whether or not you should give a fuck (i.e. "Does this affect anyone other than me?"); and the two keys to successfully not giving a fuck without also being an asshole. So, get rid of the mental clutter, ditch the perfectionism and create the life you want - for good. From the renowned psychologist who introduced the world to "growth mindset" comes this updated edition of the million-copy bestseller—featuring transformative insights into redefining success, building lifelong resilience, and supercharging self-improvement. "Through clever research studies and engaging writing, Dweck illuminates how our beliefs about our capabilities exert tremendous influence on how we learn and which paths we take in life."—Bill Gates, GatesNotes "It's not always the people who start out the

smartest who end up the smartest.” After decades of research, world-renowned Stanford University psychologist Carol S. Dweck, Ph.D., discovered a simple but groundbreaking idea: the power of mindset. In this brilliant book, she shows how success in school, work, sports, the arts, and almost every area of human endeavor can be dramatically influenced by how we think about our talents and abilities. People with a fixed mindset—those who believe that abilities are fixed—are less likely to flourish than those with a growth mindset—those who believe that abilities can be developed. Mindset reveals how great parents, teachers, managers, and athletes can put this idea to use to foster outstanding accomplishment. In this edition, Dweck offers new insights into her now famous and broadly embraced concept. She introduces a phenomenon she calls false growth mindset and guides people toward adopting a deeper, truer growth mindset. She also expands the mindset concept beyond the individual, applying it to the cultures of groups and organizations. With the right mindset, you can motivate those you lead, teach, and love—to transform their lives and your own. Why do you act the way you do? Do you ever feel like you get stuck in destructive cycles that hold you back from living the life you really want? In a dynamic, compelling and aha-filled journey, *Stop Doing That Sh*t* helps you connect the dots of your “stuff” all the way from your past to the present. You’ll make sense of yourself as you uncover how to interrupt those destructive cycles of yours and make the kind of profound shift needed to get your life on track. If you can’t save money, if you keep ending up in the same types of toxic relationships, if you feel unloved, don’t fit in, not enough or any one of the myriad of ways that a human being trashes an otherwise good life, this is the book for you. Written in the same irreverent, in-your-face style that resonated with the hundreds of thousand of fans who read *Unfu*k Yourself*, *Stop Doing that Sh*t* skillfully reveals our deepest subconscious machinery, with a real-world approach to powerfully translate our most negative thoughts and behaviors into a vitalizing, sabotage-free future. “Stop indulging yourself with fantasies and dramas and unresolved issues. Wake the hell up!” Bishop writes. Look, you might have fu*ked up in the past, so what? *Stop Doing That Sh*t* reveals how you can break free of those deep-seated patterns to live the life you always knew you wanted but could never quite seem to have. As Bishop says, “The future has arrived. Now what the hell are you going to do about it?” Peck's views on being a separate courageous individual. "You can become irresistibly attractive to women without changing who you are." So says Mark Manson, superstar blogger and author of the international

bestseller, *The Subtle Art of Not Giving A F*ck*, a self help book that packs a punch. Mark brings the same approach to teaching men what they need to know about attracting women. In *Models* he shows us how much it sucks trying to attract women using the tricks and tactics recommended by other books. Instead, he says, men need to focus on seduction as an emotional process not a physical or social one. What matters is the intention, the motivation, the authenticity. To improve your dating life you must improve your emotional life - how you feel about yourself and how you express yourself to others. Funny, irreverent and confronting, *Models* is a mature and honest guide on how a man can attract women by giving up the bullsh*t and becoming an honest broker. "A detailed guide to modern sexual ethics" Sydney Morning Herald "There's nothing subtle about Mark Manson. He's crude and vulgar and doesn't give a f*ck . . . He's as painfully honest as he is outrageously funny" Huffington Post

Overcome negative thought patterns, reduce stress, and live a worry-free life. Overthinking is the biggest cause of unhappiness. Don't get stuck in a never-ending thought loop. Stay present and keep your mind off things that don't matter, and never will. Break free of your self-imposed mental prison. Stop Overthinking is a book that understands where you've been through, the exhausting situation you've put yourself into, and how you lose your mind in the trap of anxiety and stress. Acclaimed author Nick Trenton will walk you through the obstacles with detailed and proven techniques to help you rewire your brain, control your thoughts, and change your mental habits. What's more, the book will provide you scientific approaches to completely change the way you think and feel about yourself by ending the vicious thought patterns. Stop agonizing over the past and trying to predict the future. Nick Trenton grew up in rural Illinois and is quite literally a farm boy. His best friend growing up was his trusty companion Leonard the dachshund. RIP Leonard. Eventually, he made it off the farm and obtained a BS in Economics, followed by an MA in Behavioral Psychology.

From New York Times bestseller author Mark Manson, comes an irreverent, interactive journal based on the internationally bestselling phenomenon *The Subtle Art of Not Giving A F*ck* and the New York Times bestseller *Everything is F*cked*, providing questions and sharp insights in his inimitable voice. In classic Mark Manson

style, this journal isn't a "once a day" or "once a week" thing. You can use it any time. Or not. Leave it and come back. Or not. The Subtle Art of Not Giving a F*ck Journal is divided into five sections that mirror the themes of The Subtle Art of Not Giving A F*ck and include guided prompts that help you consider the deepest questions around emotions, values and purpose. Manson's wisdom is complimented with exercises to make you laugh, think, and grow, and his in-your-face attitude is only matched by his sincerity in wanting you to really wrestle with yourself and the things that matter. When it comes to the big topics--things like happiness, values, and responsibility--life is punctuated by seemingly endless questions. Manson addresses these issues with his unique irreverence, offering insights and observations to help you find your own answers. The Subtle Art of Not Giving a F*ck Journal provides ample space for contemplating life's ups and downs and guides you to see how key moments in your life--both the tragic and the comic--are opportunities for growth (and sometimes just a good laugh). The Subtle Art of Not Giving a F*ck Journal is illustrated with color images throughout.

Concepts of Biology is designed for the single-semester introduction to biology course for non-science majors, which for many students is their only college-level science course. As such, this course represents an important opportunity for students to develop the necessary knowledge, tools, and skills to make informed decisions as they continue with their lives. Rather than being mired down with facts and vocabulary, the typical non-science major student needs information presented in a way that is easy to read and understand. Even more importantly, the content should be meaningful. Students do much better when they understand why biology is relevant to their everyday lives. For these reasons, Concepts of Biology is grounded on an evolutionary basis and includes exciting features that highlight careers in the biological sciences and everyday applications of the concepts at hand. We also strive to show the interconnectedness of topics within this extremely broad discipline. In order to meet the needs of today's instructors and students, we maintain the overall organization and coverage found in most syllabi for this course. A strength of Concepts of Biology is that instructors can customize the book, adapting it to the approach that works best in their classroom. Concepts of Biology also includes an innovative art program that incorporates critical thinking and clicker questions to help students understand--and apply--key concepts. Introductory Statistics is designed for the one-semester, introduction to statistics course and is geared toward students majoring in fields other than math or engineering. This text assumes

students have been exposed to intermediate algebra, and it focuses on the applications of statistical knowledge rather than the theory behind it. The foundation of this textbook is Collaborative Statistics, by Barbara Illowsky and Susan Dean. Additional topics, examples, and ample opportunities for practice have been added to each chapter. The development choices for this textbook were made with the guidance of many faculty members who are deeply involved in teaching this course. These choices led to innovations in art, terminology, and practical applications, all with a goal of increasing relevance and accessibility for students. We strove to make the discipline meaningful, so that students can draw from it a working knowledge that will enrich their future studies and help them make sense of the world around them.

More than 40 million people have viewed Randall's honey badger video, "The Crazy Nastyass Honey Badger." "It has no regard for anyone or anything—it just takes what it wants! What a little badass!" When viewing wildlife footage, who hasn't thought at times, "Ewww! What the hell is that?!" Randall thinks it — and says so! In Honey Badger Don't Care, Randall examines and humorously informs on a dozen crazy, nasty animals of the wild kingdom employing his unique style of telling it like it is! His wildlife writing is refreshingly honest. If an animal scares Randall, he's not afraid to share. Unlike most nature writers, Randall doesn't deliver the sugarcoated or drab description. He "goes there" and shares his true feelings with his audience. Because of this, his readers feel that they can relate. Randall loves animals—even the ones that terrify him. He may not agree with how these animals conduct themselves in the world, but Randall wants everyone to know who they are. Just as he introduced the world to the honey badger, the Jesus lizard, and others, so will Randall shed light on twelve bizarre and interesting animals. Designed with callouts, sidebars, and more than fifty photos, Honey Badger Don't Care presents a wildlife book for adults—hilarious, irreverent, profane, yet charming, chatty, and informative. Read Through and absorb the words hook, line and Sinker and Watch your Life Transform for the Best, in No Time. #1 Wall Street Journal Bestseller *The Obstacle is the Way* has become a cult classic, beloved by men and women around the world who apply its wisdom to become more successful at whatever they do. Its many fans include a former governor and movie star (Arnold Schwarzenegger), a hip hop icon (LL Cool J), an Irish tennis pro (James McGee), an NBC sportscaster (Michele Tafoya), and the coaches and players of winning teams like the New England Patriots, Seattle Seahawks, Chicago Cubs, and University of Texas men's basketball team. The book draws its inspiration from stoicism, the ancient Greek philosophy of enduring pain or adversity with perseverance and resilience. Stoics focus on the things they can control, let go of everything else, and turn every new obstacle into an opportunity to get better, stronger, tougher. As Marcus Aurelius put it nearly 2000 years ago: "The impediment to action advances action. What stands in the way becomes the way." Ryan Holiday shows us how some of the most successful people in history—from John D. Rockefeller to Amelia Earhart to Ulysses S. Grant to Steve Jobs—have applied stoicism to overcome difficult or even impossible situations. Their embrace of these principles ultimately mattered more than their natural intelligence, talents, or luck. If you're feeling frustrated, demoralized, or stuck in a rut, this book can help you turn your problems into your biggest advantages. And along the way it will inspire you with dozens of true stories of the greats from every age and era. The "genius" national bestseller on the art of caring less and getting more -- from the author of *Calm the F*ck Down* and *F*ck No* (Cosmopolitan). And it will free you to spend your time, energy, and money on the things that really matter. So what are you waiting for? Stop giving a f*ck and start living your best life today! Discover more of the magic of not giving a f*ck with The Life-Changing Magic of Not Giving a F*ck Journal. The instant Wall Street Journal, USA Today, and international bestseller “While the history books are filled with tales of obsessive visionary geniuses who remade the world in their image with sheer, almost irrational force, I’ve found that history is also made by individuals who fought their egos at every turn, who eschewed the spotlight, and who put their higher goals above their desire for recognition.” —from the prologue

Many of us insist the main impediment to a full, successful life is the outside world. In fact, the most common enemy lies within: our ego. Early in our careers, it impedes learning and the cultivation of talent. With success, it can blind us to our faults and sow future problems. In failure, it magnifies each blow and makes recovery more difficult. At every stage, ego holds us back. Ego Is the Enemy draws on a vast array of stories and examples, from literature to philosophy to history. We meet fascinating figures such as George Marshall, Jackie Robinson, Katharine Graham, Bill Belichick, and Eleanor Roosevelt, who all reached the highest levels of power and success by conquering their own egos. Their strategies and tactics can be ours as well. In an era that glorifies social media, reality TV, and other forms of shameless self-promotion, the battle against ego must be fought on many fronts. Armed with the lessons in this book, as Holiday writes, “you will be less invested in the story you tell about your own specialness, and as a result, you will be liberated to accomplish the world-changing work you’ve set out to achieve.” Tame anxiety and take back control of your life with this no-f*cks-given guide from the bestselling author of The Life-Changing Magic of Not Giving a F*ck and Get Your Sh*t Together. If you answered yes to any of these, the way out is the *Way of the Essentialist*. Essentialism is more than a time-management strategy or a productivity technique. It is a systematic discipline for discerning what is absolutely essential, then eliminating everything that is not, so we can make the highest possible contribution toward the things that really matter. By forcing us to apply more selective criteria for what is Essential, the disciplined pursuit of less empowers us to reclaim control of our own choices about where to spend our precious time and energy—instead of giving others the implicit permission to choose for us. Essentialism is not one more thing—it's a whole new way of doing everything. It's about doing less, but better, in every area of our lives. Essentialism is a movement whose time has come. *Whatever is that this book is talking about; it's based on real life experiences not on theories. What are the *Success Secrets*? What are *Success Habits*? How to achieve goals by overcoming the thought of giving up? How to develop *Mental Toughness* to not give up when everything is falling apart? Why *Self Discipline* is important to develop a never give up attitude? Why *Self Improvement* is the key to everything? Well, you can find all the answers in the book. But, Why should you buy this book? What is that am I offering which is different from others? Why should you listen to me? WHY? You see, I don't want to help you to fight all your problems or to face adversity with no fear or to not give up or to develop mental toughness or positive thinking. No one can help you to be honest. I just want to help you through this book so that you can help yourself. *Self Help* means helping yourselves. Simple as that. We can help each other so that we can help ourselves. Because I believe together we can help and inspire each other to achieve our dreams and success in life. This book is not for someone who don't want to put in the efforts that this book is talking about, doesn't have a

desire for Self-Improvement and just looking for some quick solution to get rid of their problems in life or for someone who is may be looking for some magic trick to develop a never give up attitude. I or anyone in this world can't convince you to not give up on your dreams unless it comes from within. Nobody can help you if you're not willing to help yourself. This book is all about helping you to help yourself. So, this book is for someone who is struggling in life, feel like giving up after trying everything and trying so hard but still do not want to give up and ready to do anything to hold on to their dreams but they don't know how? Or for someone who wants to live their dreams but do not how to go about it. Living in fear of failure. This book is for someone who is looking for the answers Secrets of Success? And ready to do whatever it takes to become successful. This book is a hope for those people. And that's all we need isn't it? Hope! When our back is against the wall, when everything is falling apart, when after everything is said and done, all is left somewhere deep down inside us is Hope and we need that hope to hold on, to not give up. That is when this book comes into play. This book will change your vision to deal with fear, adversity, problems, basically LIFE. In this book you will find a step by step process to develop that Never Give Up mindset but only and only you are willing to put in the efforts. What separates 1% of successful people from the others? What converts failure into success? Not everyone on this Planet is born successful. Everyone faces adversity in their life at some point. Everyone has problems. It's never ending. Life is all about ups and downs. Very few people maintain their mental toughness irrespective of the situation. They maintain the self discipline throughout because they keep on focusing on self improvement, no matter how rough life gets, whereas, the rest of the people breaks when life gets tough. The only thing that separates the people who keep fighting from the others is they never give up no matter how hard, uncomfortable, painful it gets. They are the one who convert their dreams into reality because their dreams are much bigger than themselves. This book talks about the root cause of why people give up on their dreams so easily or may be after trying so hard and how to handle those situations and develop the success habits." A Self Improvement book for men or women no matter how old you are because there is always a scope for self improvement." #1 NEW YORK TIMES BESTSELLER • MORE THAN 4 MILLION COPIES SOLD The first ever self-development book to help millions of people around the globe transform their lives using humor, irreverence, and the occasional curse word. In this refreshingly entertaining guide to reshaping your mindset and your

life, mega-bestselling author and world-traveling success coach Jen Sincero serves up 27 bite-sized chapters full of hilarious and inspiring stories, sage advice, loving yet firm kicks in the rear, and easy-to-implement exercises to help you: Identify and change the self-sabotaging beliefs and behaviors that stop you from getting what you want. Shift your energy and attract what you desire. Create a life you totally love. And start creating it NOW. Make some damn money already. The kind you've never made before. By the end of *You Are a Badass*, you'll understand how to blast past what's holding you back, make some serious changes, and start living the kind of life that once seemed impossible. *The Anarchist Cookbook* will shock, it will disturb, it will provoke. It places in historical perspective an era when "Turn on, Burn down, Blow up" are revolutionary slogans of the day. Says the author "This book... is not written for the members of fringe political groups, such as the Weatherman, or The Minutemen. Those radical groups don't need this book. They already know everything that's in here. If the real people of America, the silent majority, are going to survive, they must educate themselves. That is the purpose of this book." In what the author considers a survival guide, there is explicit information on the uses and effects of drugs, ranging from pot to heroin to peanuts. There is detailed advice concerning electronics, sabotage, and surveillance, with data on everything from bugs to scramblers. There is a comprehensive chapter on natural, non-lethal, and lethal weapons, running the gamut from cattle prods to sub-machine guns to bows and arrows. If you've been looking for a kick up the backside to finally launch that business, start a new project you've been putting off or just become awesome, this book is for you. So, if you are sick of the usual guru bullsh*t advice, and want to make your life truly awesome, then read this book from cover to cover, and do every single thing Dan says. It's time to stop giving a sh*t! Be calm... Stop stressing... Embrace the universe... Try yoga... Be fulfilled... and that's an order! We're overwhelmed with these sorts of commands, and we often torture ourselves to "try harder," yet somehow we never feel we've done quite enough. It's about time we stop pushing ourselves to do what we think we're supposed to do, and instead simply allow ourselves to be angry, be tired, be silly, be passionate--to stop giving a shit, and just be. An international bestseller (now in English for the first time), *The French Art of Not Giving a Sh*t* by Fabrice Midal explains why the key to true mindfulness is freeing ourselves from social and often self-imposed stresses--and highlights how we can embrace life more fully by giving ourselves a break. He gives readers permission to: Stop obeying -- you are intelligent

Stop being calm -- be at peace Stop wanting to be perfect -- accept life's storms Stop rationalizing -- let things be Stop comparing -- be you Stop being ashamed -- be vulnerable Stop tormenting yourself -- become your own best friend Stop wanting to love -- be benevolent One of the world's leading teachers of meditation and mindfulness, Midal offers us a new solution to the perennial problem of our too-much, too-fast modern life. It's OK, he urges us, to say no. It's fine to quit the things that don't fulfill you. It's necessary, in fact, to give ourselves a break and say, simply, c'est la vie. In *The French Art of Not Giving a Sh*t*, Midal gives each of us permission to stop doing the things that don't make us happy ... so we have room in our lives for the things that do. You can follow the beaten path and call yourself an entrepreneur or you can blaze your own trail and really be one. When Derek Sivers started CD Baby, he wasn't planning on building a major business. He was a successful independent musician who just wanted to sell his CDs online. When no one would help him do it, he set out on his own and built an online store from scratch. He started in 1998 by helping his friends sell their CDs. In 2000, he hired his first employee. Eight years later, he sold CD Baby for \$22 million. Sivers didn't need a business plan, and neither do you. You don't need to think big; in fact, it's better if you don't. Start with what you have, care about your customers more than yourself, and run your business like you don't need the money. Reading this book will give you the courage and power to change your life for the better. **NEW YORK TIMES BESTSELLER** From the author of the international mega-bestseller *The Subtle Art of Not Giving A F*ck* comes a counterintuitive guide to the problems of hope. We live in an interesting time. Materially, everything is the best it's ever been—we are freer, healthier and wealthier than any people in human history. Yet, somehow everything seems to be irreparably and horribly f*cked—the planet is warming, governments are failing, economies are collapsing, and everyone is perpetually offended on Twitter. At this moment in history, when we have access to technology, education and communication our ancestors couldn't even dream of, so many of us come back to an overriding feeling of hopelessness. What's going on? If anyone can put a name to our current malaise and help fix it, it's Mark Manson. In 2016, Manson published *The Subtle Art of Not Giving A F*ck*, a book that brilliantly gave shape to the ever-present, low-level hum of anxiety that permeates modern living. He showed us that technology had made it too easy to care about the wrong things, that our culture had convinced us that the world owed us something when it didn't—and worst of all, that our modern and maddening urge to

always find happiness only served to make us unhappier. Instead, the “subtle art” of that title turned out to be a bold challenge: to choose your struggle; to narrow and focus and find the pain you want to sustain. The result was a book that became an international phenomenon, selling millions of copies worldwide while becoming the #1 bestseller in 13 different countries. Now, in *Everything Is F*cked*, Manson turns his gaze from the inevitable flaws within each individual self to the endless calamities taking place in the world around us. Drawing from the pool of psychological research on these topics, as well as the timeless wisdom of philosophers such as Plato, Nietzsche, and Tom Waits, he dissects religion and politics and the uncomfortable ways they have come to resemble one another. He looks at our relationships with money, entertainment and the internet, and how too much of a good thing can psychologically eat us alive. He openly defies our definitions of faith, happiness, freedom—and even of hope itself. With his usual mix of erudition and where-the-f*ck-did-that-come-from humor, Manson takes us by the collar and challenges us to be more honest with ourselves and connected with the world in ways we probably haven’t considered before. It’s another counterintuitive romp through the pain in our hearts and the stress of our soul.

One of the great modern writers has produced another book that will set the agenda for years to come. In 5 years, Steve Kamb has transformed himself from wanna-be daydreamer into a real-life superhero and actually turned his life into a gigantic video game: flying stunt planes in New Zealand, gambling in a tuxedo at the Casino de Monte-Carlo, and even finding Nemo on the Great Barrier Reef. To help him accomplish all of these goals, he built a system that allowed him to complete quests, take on boss battles, earn experience points, and literally level up his life. If you have always dreamed of adventure and growth but can’t seem to leave your hobbit-hole, *Level Up Your Life* is for you. Kamb will teach you exactly how to use your favorite video games, books, and movies as inspiration for adventure rather than an escape from the grind of everyday life. Hundreds of thousands of everyday Joes and Jills have joined Steve’s Rebellion through his popular website, NerdFitness.com, and leveled up their lives—losing weight, getting stronger, and living better. In *Level Up Your Life*, you’ll meet more than a dozen of these members of The Rebellion: men and women, young and old, single and married, from all walks of life who have created superhero versions of themselves to live adventurously and happily. Within this guide, you’ll follow in their footsteps and learn exactly how to:

- Create your own “Alter Ego” with real-life super powers
- Build your own Epic Quest List, broken

into categories and difficulty levels • Hack your productivity habits to start making progress • Train your body for any adventure • Build in rewards and accountability that will actually motivate you to succeed • Travel the world freely (and cheaply) • Recruit the right allies to your side and find powerful mentors for guidance Adventure is out there, and the world needs more heroes. Will you heed the call? The #1 New York Times bestseller. Over 4 million copies sold! Tiny Changes, Remarkable Results No matter your goals, Atomic Habits offers a proven framework for improving--every day. James Clear, one of the world's leading experts on habit formation, reveals practical strategies that will teach you exactly how to form good habits, break bad ones, and master the tiny behaviors that lead to remarkable results. If you're having trouble changing your habits, the problem isn't you. The problem is your system. Bad habits repeat themselves again and again not because you don't want to change, but because you have the wrong system for change. You do not rise to the level of your goals. You fall to the level of your systems. Here, you'll get a proven system that can take you to new heights. Clear is known for his ability to distill complex topics into simple behaviors that can be easily applied to daily life and work. Here, he draws on the most proven ideas from biology, psychology, and neuroscience to create an easy-to-understand guide for making good habits inevitable and bad habits impossible. Along the way, readers will be inspired and entertained with true stories from Olympic gold medalists, award-winning artists, business leaders, life-saving physicians, and star comedians who have used the science of small habits to master their craft and vault to the top of their field. Learn how to: make time for new habits (even when life gets crazy); overcome a lack of motivation and willpower; design your environment to make success easier; get back on track when you fall off course; ...and much more. Atomic Habits will reshape the way you think about progress and success, and give you the tools and strategies you need to transform your habits--whether you are a team looking to win a championship, an organization hoping to redefine an industry, or simply an individual who wishes to quit smoking, lose weight, reduce stress, or achieve any other goal. You are just one small step away from the life you know you deserve. It's time to leverage your life. A great book that will change your life'. Brian Tracy, bestselling author of *Eat That Frog* #1 New York Times Bestseller Over 10 million copies sold In this generation-defining self-help guide, a superstar blogger cuts through the crap to show us how to stop trying to be "positive" all the time so that we can truly become better, happier people. For decades, we've been told that positive thinking is the key to a happy, rich life. "F**k positivity," Mark Manson says. "Let's be honest, shit is f**ked and we have to live with it." In his wildly popular Internet blog, Manson doesn't sugarcoat or equivocate. He tells it like it is—a dose of raw, refreshing, honest truth that is sorely lacking today. *The Subtle Art of Not Giving a F**k* is his antidote to the coddling, let's-all-feel-good mindset that has infected American society and spoiled a generation, rewarding them with gold medals just for showing up. Manson makes the argument, backed both by academic research and well-timed poop jokes, that improving our lives hinges not on our ability to turn lemons into lemonade, but on learning to stomach lemons better. Human beings are flawed and limited—"not everybody can be extraordinary, there are winners and losers in society, and some of it is not fair or your fault." Manson advises us to get to know our limitations and accept them. Once we embrace our fears, faults, and uncertainties, once we stop running and avoiding and start confronting painful truths, we can begin to find the courage, perseverance, honesty, responsibility, curiosity, and forgiveness we seek. There are only so many things we can give a f**k about so we need to figure out which ones really matter, Manson makes clear. While money is nice, caring about what you do with your life is better, because true wealth is about experience. A much-needed grab-you-by-the-shoulders-and-look-you-in-the-eye moment of real-talk, filled with entertaining stories and profane, ruthless humor, *The Subtle Art of Not Giving a F**k* is a refreshing slap for a generation to help them lead contented, grounded lives.
